Any alleged contract violations that may have occurred more than 30 days in the past, may only be discussed through the informal resolution meeting. Any contract violations that have occurred within 30 days may be filed as a Level 1 Grievance bypassing the Informal Resolution Meeting.
- 3.2.2 When a faculty member knows, or should know of the events or conditions giving rise to a grievance, the faculty member, or AFT representative, shall provide email notice to the supervising administrator, who has immediate responsibility for the position in which the faculty member is assigned, including the specific Article and Section of this Agreement which the member alleges was violated, misinterpreted or misapplied. (It is recommended that District email be utilized. The administrator shall make every effort to meet within 10 days after notification.)
- 3.2.3 After receiving the notice described in section 3.2.2 the grievant and administrator will complete the informal resolution meeting. When a grievance is moved to the next level due to the District's failure to respond at the level below, the District shall acknowledge its failure in the next-level response and propose a remedy designed to prevent such failures in the future.

- 3.4.1 If the matter is not resolved at the Level I process and the faculty member wishes to exercise their right to pursue the grievance, the faculty member shall present the grievance in writing to the College President, no later than fifteen (15) days after the conclusion of the Level 1 process. The grievance shall be filed as outlined in section 3.3 and shall include the results of the Level 1 process.

The AFT 6157 may, by written notice to the Chancellor within fifteen (15) days after receipt of the request from the aggrieved, submit the grievance to binding arbitration. The arbiter shall be asked to formally support or deny the grievance.
- 3.6.2 If the grievance is supported, the District shall pay for the full cost of the arbiter's fee, its own cost of representation and all other mutually agreed upon hearing expenses. In the event that other costs are not mutually agreed upon, they shall be paid half by the AFT 6157 and half by the District. If the decision is split, the arbiter shall determine the distribution of the costs between the parties, excepting the cost of representation.

However, the issue as to whether a matter is outside the scope of the grievance is to be determined by the arbiter.
- 3.6.7 After the close of the binding arbitration hearing, the arbiter shall establish a schedule for submission of written briefs.
- 3.6.8 The arbiter shall submit the decision in writing to all the parties within thirty (30) days after submission of the last brief.

- 3.7.2 Any faculty member may at any time present grievances to the District and have such grievances adjusted without the intervention of the AFT 6157 as long as the adjustment is reached prior to Level IV and the adjustment is not inconsistent with the terms of this contract and provided that the District shall not agree to a final resolution of the grievance until the exclusive representative has received a copy of the grievance and the proposed resolution and has been given the opportunity to file a response.
- 3.7.3 There shall be no retaliation against any grievant(s) for utilizing these grievance procedures. - 3.7.5 In the event that a grievance affects more than one faculty member, the grievance may be filed by the AFT 6157 on behalf of all affected faculty members; and if the grievance affects faculty members at more than one work location, it may be initiated at Level II or Level III. Grievances concerning the same issue may be consolidated as long as this does not create an unnecessary delay.
- 3.7.6 All documents, communications and records dealing with the processing of a grievance shall be filed in a separate grievance file and shall not be kept in the personnel file of any participants.
- 3.7.7 Forms for filing grievances and other necessary documents shall be prepared by the District and the AFT 6157, and shall be given sufficient distribution so as to facilitate operation of the grievance procedure. The costs of preparing such forms shall be borne by the District.
- 3.7.8 In the event that it becomes necessary to conduct a grievance hearing or conference with an administrator during the workday, the grievant, representative and witnesses shall be granted, when necessary, release time without loss of pay. The District shall provide a reasonable amount of release time for processing grievances.
- 3.7.9 The District and the AFT 6157 will make a reasonable effort to schedule the grievance process during the regular workday and not during assigned classroom hours or hours of service to students.
- 3.7.10 Nothing in this article shall be interpreted to preclude a faculty member from seeking remedies provided by law after the exhaustion of this procedure.
- 3.7.11 If a grievance alleged by AFT 6157 on behalf of itself or a unit member arises from the action of a central District authority, AFT 6157 and the Chancellor or Chancellor's designee may mutually agree to initiate such a grievance at Level III of the grievance procedure.

8.1.2 Salary Schedule – Periodic Review

The compensation philosophy as stated by President Fuentes at the November 27, 2012 Board of Trustees meeting is:

San Jose-Evergreen Community College district’s compensation philosophy demonstrates our commitment to fairness and equity. Total compensation must communicate the desire to attract and retain professional at all levels. The goal is to target the median total compensation in relation to the Bay 10 community College districts. The median for positions were (are) examined by periodic reviews as necessary to allow for the assessment of the District’s total compensation levels. Total compensation is defined by the combination of salary and benefits.

The District and AFT 6157 agree that beginning June 1, 2013, the District shall conduct a “periodic” review of faculty total compensation. The District and AFT 6157 further agree on the following parameters for which compensation data shall be collected for full time faculty:

Compensation shall be compared to include but not limited to the following:

A. Classes and Steps

1. The following Classes/Columns:
Masters (II); Masters with 60 units (IV); Highest Non Doctorate (V); Doctorate (VI)
2. The following steps will be compared:
Initial Step, Steps 6, 10, 12, 19 and highest step and highest initial placement to be determined by contract language

B. Medical Benefits

1. Compare Kaiser Employee only including all other paid benefits from the District (Dental, Vision, LTD, Life and EAP)

C. District to include the Bay 10

An analysis of the degree to which the faculty total compensation data compares to the median as identified by the parameters for the Bay 10 Community College District shall be prepared. A report shall be compiled for use by both the AFT 6157 and the District. The intent of the data collection is to inform both the District and AFT 6157 in terms of future bargaining. It is not the intent for the data to be used to downgrade/reduce any Class or Step on current salary schedule.

8.2 SALARY SCHEDULES¹

8.2.1 The current salary schedules for full-time faculty shall be included as Appendix C-1 and C-2 of this contract.

8.2.2 Intersession and summer pro rata salary schedules for full time faculty for the first 40% load for lecture and lab shall be included as Appendix D-3 and D-4. A faculty member with return rights to a permanent contract position, who is employed with a load of 50% or more, but less than a full load of 100% shall receive the pro-rata salary as listed in Appendices C1 or C2.

¹ Modifications were made to the 2001/02 salary schedule. Steps 1 through 5 of the schedule were eliminated. The faculty salary schedule was renumbered. Faculty at steps 1 through 5 were moved to step 6, and step 6 became step 1 on the renumbered schedule. A new step 17 was added for column IV. This step has the same conditions applied to the old step 22 for columns V and VI. A new step 19 was added for columns V and VI.

8.3 PLACEMENT OF FACULTY ON SALARY SCHEDULE

Faculty members assigned to provide instructional and non-instructional services shall be placed on the salary schedule and assigned to one of the five (5) salary classes in accordance with 8.4 and 8.5 and sub-sections of this article. Human Resources shall be responsible for the correct placement of each faculty member, in accordance with this contract. Human Resources and the AFT 6157 will review all salary placements of new contract faculty at Contract Administration meetings to confirm salary placement.

8.4 INITIAL CLASS PLACEMENT OF DISCIPLINES REQUIRING A MASTERS DEGREE

Class placement at time of employment is based on the following determining factors: A faculty member is placed in Classes II through VI depending upon earned degree(s) and number of academic units over and above degree(s). Occupational/vocational experience does not determine class placement.

- Class II – Master’s Degree
- Class III – BA+45 Units w/MA
- Class IV – BA+60 Units w/MA
- Class V – BA+81 Units w/MA
- Class VI – Doctorate

Class II – Master’s degree means the faculty has a minimum of the degree.

Class III – through Class V – BA + appropriate units with an MA degree as indicated above means the faculty member has a BA and a MA degree plus additional coursework over and beyond the BA degree. The +45, +60, and +81 units means the units were taken after the BA degree was awarded. “Taken beyond the BA degree” means graduate level courses from an accredited institution and foreign units and degrees as recognized by a foreign transcript evaluator are acceptable for placement on the salary schedule. Lower division courses are not acceptable for initial salary placement on the salary schedule. Upper division courses may be acceptable for salary placement if the units are approved by the college or university when awarded as part of the MA degree.

8.4.1 Degrees and units for initial placement must be earned at a college or university (accredited by either the U.S. Department of Education or the Council on Postsecondary Accreditation. It shall not mean an institution “approved” by the California Department of Education or by the California Council for Private Postsecondary and Vocational Education.) Course work accomplished at foreign institutions will be accepted as evaluated by a recognized foreign transcript evaluator.

8.4.2 Academic graduate level units beyond a B.A. must be granted by a fully accredited college or university.

8.4.3 Verification of Degrees, Units, and Experience

Degrees and academic units must be verified by official transcripts sent directly to Human Resources by the granting institution. Each faculty member is responsible for providing official

transcripts, teaching and work experience verifications to Human Resources no later than sixty (60) days after the beginning date of hire. Credit may not be granted retroactively for academic, teaching or work experience verification received subsequent to the sixty (60) day limit, but may be considered for subsequent advancement credit.

8.4.4 Computation of Units

In placing faculty on the salary schedule, all college or university units shall be computed on the basis of the equivalent of a semester.

8.5 INITIAL CLASS PLACEMENT OF DISCIPLINES NOT REQUIRING A MASTERS DEGREE

Class placement at time of employment is based on the following determining factors. A faculty member is placed in Classes II through VI depending upon degrees and number of academic units over and above degree(s). Occupational/vocational experience is an element in determining placement.

Class II-AA+6 years work experience
Class III-AA+40 Units* or Bachelor's Degree
Class IV-AA+80 Units* or BA+20 Units
Class V-Master's Degree
Class VI-Doctorate

*Semester Units in Assigned Field

Minimum Step Placement-A newly appointed faculty member without previous educational service experience and/ or verified occupational/vocational experience shall be placed on Step 1.

Maximum Step Placement- A newly appointed faculty member who presents evidence of appropriate previous experience within the 60-day limit as defined in 8.4.3, shall be placed no higher than Step 6.

Faculty members shall be placed on the salary schedule step based on years of educational service and verified occupational/vocational experience.

In accordance with initial class placement as defined by Article 8.4 and Article 8.5, faculty within the District who were previously employed by the District as Grant Funded Non-Tenured Categorical Faculty and were hired without a break in service into a full-time tenure-track position shall maintain their current step placement.

If the faculty member's current step placement is not available in the Class in which they are now placed, the new step shall be closest to their current step.

- Step 4 6 or more years previous educational service
- Step 5 7 years previous educational service

8.6.1.1 Categorical Temporary Faculty Placement

Categorical temporary faculty hired into a tenure-track position, after serving under a year-to-year contract with no break in service, shall be entitled to an exemption of the highest initial step placement on step 6. The member's categorical service, as a faculty member, shall be recognized in determining initial placement. Placement cannot exceed the salary schedule's provisions.

8.6.2 Full-time Education Service Experience

For step placement, year-for-year credit will be allowed on the basis of one (1) increment for each year of verified experience as teacher, counselor, librarian, nurse or other faculty position experience not to exceed the equivalent of Step 6. A year experience is obtained by paid full-time educational service in an accredited secondary school, college or university. One (1) year of full-time educational experience shall be defined as service rendered of no less than 75% of time and load during each semester of a previous qualifying school year. Employment as a teaching assistant or laboratory assistant will not be accepted as qualifying experience. Teaching experience must be as "the teacher of record".

8.6.3 Credit For Previous Academic Adjunct Educational Service

Credit for adjunct paid educational service shall be granted pro-rata based on the total teaching load taught by an instructor in the faculty member's previous employment at an accredited secondary school, college or university. Faculty may not be credited with more than one (1) year experience for service within any one (1) academic year. The total credit allotted for previous academic adjunct experience will be rounded off to the nearest whole number.

8.6.4 Verified Occupational/Vocational Experience for Positions not Requiring a Master's Degree

For verified occupational/vocational experience that is directly related to the member's position, faculty shall be placed on the salary schedule as follows:

- Step 1 0-4 full time years of occupational/vocational experience
- Step 2 5-6 full time years of occupational/vocational experience
- Step 3 7-8 full time years of occupational/vocational experience
- Step 4 9 full time years of occupational/vocational experience
- Step 5 10 full time years of occupational/vocational experience
- Step 6 11 or more full time years of occupational/vocational experience

8.6.5 Combination of Credit for Prior Educational Service and Verified Occupational/Vocational

For placement, service can include a combination of educational service and directly related vocational/occupational experience not to exceed placement on Step 6. Faculty shall be placed on the salary schedule as follows:

- Step 1 Any combination of educational service and occupational/vocational experience equal to 0-3 years
- Step 2 Any combination of educational service and occupational/vocational experience equal to 4 years
- Step 3 Any combination of educational service and occupational/vocational experience equal to 5 years
- Step 4 Any combination of educational service and occupational/vocational experience equal to 6 years
- Step 5 Any combination of educational and occupational/vocational experience equal to 7 years
- Step 6 Any combination of educational and occupational/vocational experience equal to 8 years or more

8.7 CREDIT FOR DOCTORAL DEGREE

Full-time instructors possessing an earned doctoral degree from an accredited institution (see article 8.4.1) shall be automatically placed in Class VI. If a doctoral degree was earned at a foreign university, the applicant shall provide an evaluation of equivalency and the District shall apply the same evaluative standards to determine its value as would the State Chancellor's Office. Holders of honorary doctoral degrees and degrees from institutions not accorded recognition by the U.S. Department of Education or the Council on Postsecondary Accreditation shall not qualify for this placement.

8.8 MILITARY, PEACE CORPS AND VISTA

Military, Peace Corps, and VISTA, or equivalent government service may be credited in lieu of educational service experience in the Faculty Service Area (FSA) applied for, provided the individual meets minimum qualifications for hiring or had completed the requirements for minimum qualifications in the FSA applied for, prior to the time of entering such service.

8.9 ADVANCEMENT OF ALL FULL-TIME FACULTY ON SALARY SCHEDULE

8.9.1 Advancement on the salary schedule is based on years of service (see 8.9.2) and on continuing educational development (see 8.9.3).

8.9.2 Advancement by Step

8.9.2.1 Advancement by step, down the salary schedule, is based on years of service. Faculty members employed on the regular salary schedule shall advance one (1) step for each year of service until the maximum in the class is attained.

- 8.9.2.2 Faculty members hired mid-academic year (spring semester) shall advance one (1) step on the following January 1st until their maximum step is reached.
- 8.9.2.3 Advancement shall not occur when the actual service rendered was less than 75% in time and load FTEF as an average for the entire academic year. Therefore faculty who work a total of 75% or more over the past academic year shall advance to the following step in the next year.
- 8.9.2.4 Faculty members classified as academic adjunct “Peralta Decision” employees shall advance one (1) step for each year of full-time service equivalency, 75% until the maximum step in the class is attained.

8.9.3 Movement Across Salary Classes

- 8.9.3.1 Movement across the salary classes is based on continuing educational development of the faculty member including education obtained while on sabbatical. It shall be the responsibility of each faculty member to submit verification of completion of unit(s) or degree(s) or work experience requirements for movement to a higher salary class. Such verification shall require official transcript(s) or official documentation sent directly to Human Resources from the granting institution or other record that the Chancellor of the San Jose/Evergreen Community College District shall prescribe. For Undergraduate course credit and credit for non-academic experience, the faculty member shall apply to the Professional Recognition Committee (PRC) for approval for movement across the salary schedule. To be considered, application submission is required no later than the second meeting of the PRC in the following academic semester.
- 8.9.3.2 All required verifying evidence of completion for the movement across the salary schedule must be submitted to Human Resources. Verified information received by the 15th of any month within a regular annual payroll cycle for that faculty member shall entitle movement on the pay schedule in the next monthly pay period, provided that the faculty member would have received a paycheck in that month. Verified information received after the 15th of the month or verified information received in a month which there is no regular pay period following, shall be paid in the next regular pay cycle.
- 8.9.3.3 Movement across salary classes is based on continuing educational development of the faculty member. For undergraduate and non-academic experience, faculty members will provide to their dean a copy of the materials submitted to Human Resources/PRC (Appendix L) two working days prior to the PRC meeting. The Dean may present comments to the faculty member or forward comments to an administrator on the PRC.
- 8.9.3.4 For graduate units, service learning and learning communities, the faculty members will provide to their dean a copy of the materials to be submitted to Human Resources/PRC.

8.9.4 Graduate Course Credits

Unit requirements for advancement in salary classes must be completed after the baccalaureate degree is granted. Course work must carry graduate credit as established by the institution offering the work. All course work submitted for salary class advancement must be offered in an institution of higher learning accredited by an agency recognized by the U.S. Department of Education or the Council on Postsecondary Accreditation.

8.9.5 Undergraduate Course Credit

Undergraduate course work (lower division and upper division courses) taken after initial employment as a temporary, contract or tenured faculty member may be counted toward salary schedule advancement if it can be demonstrated that such coursework advances the instructional and non-instructional faculty member's skills and/or ability in the teaching or service area.

The faculty member shall obtain approval for undergraduate courses from the Professional Recognition Committee (PRC).

8.9.6 Credit for Non-Academic Experience

Full-time faculty may apply to have non-academic experience relevant to their effectiveness in their assignment as an instructor evaluated for advancement credit on the salary schedule. In order to assure credit, the faculty member shall obtain approval of the non-academic experience consistent with Article 8.9.3.1. To receive credit of approved, non-academic experience, the faculty shall submit a written report of the work completed and its relevant value, including written certification of non-academic experience, on forms provided by the District. Such experience shall be credited according to PRC procedures as set forth in Section 10.4. Sixty (60) hours of non-academic work shall be required to earn one (1) unit. A maximum of six (6) unit equivalents may be credited to any single class movement.

8.9.7 Credit for Learning Communities and Service Learning

8.9.7.1 Faculty members at Classes II, III and IV, on the Academic Salary Schedule who participate in Service Learning and Learning Communities may apply to earn credit for movement across salary classes (For step increases using Professional Recognition See Article 10.3.8).

Class II – Master’s degree means the faculty has a minimum of the degree.

Class III – through Class V – BA + appropriate units with a MA degree as indicated above means the faculty member has a BA and an MA degree plus additional coursework over and beyond the BA degree. The +45, +60, and +81 units means the units were taken after the BA degree was awarded. “Taken beyond the BA degree” means graduate level courses from an accredited institution and foreign units and degrees as recognized by a foreign transcript evaluator are acceptable for placement on the salary schedule. Lower division courses are not acceptable for initial salary placement on the salary schedule. Upper division courses may be acceptable for salary placement if the units are approved by the college or university when awarded as part of the MA degree.

9.4.1 Degrees and units for initial placement must be earned at a college or university (accredited by either the U.S. Department of Education or the Council on Postsecondary Accreditation. It shall not mean an institution “approved” by the California Department of Education or by the California Council for Private Postsecondary and Vocational Education). Course work accomplished at foreign institutions will be accepted as evaluated by a recognized foreign transcript evaluator.

9.4.2 Academic graduate level units beyond a B.A. must be granted by a fully accredited college or university.

9.4.3 Verification of Degrees, Units, and Experience

Each faculty member is responsible for providing official transcripts, teaching and work experience verifications to the District no later than sixty (60) days after the beginning date of hire. Credit may not be granted retroactively for academic, teaching or work experience verification received subsequent to the sixty (60) day limit, but may be considered for subsequent advancement credit.

9.4.4 Computation of Units

In placing associate faculty on the salary schedule, all college or university units shall be computed on the basis of the equivalent of a semester.

9.5 INITIAL CLASS PLACEMENT OF ASSOCIATE FACULTY IN DISCIPLINES NOT

REQUIRING A MASTERS DEGREE – Effective Fall 2007

Class placement at time of employment is based on the following determining factors. An associate faculty member is placed in Classes II through VI depending upon degrees and number of academic units over and above degree(s). Occupational/vocational experience is an element in determining placement. Below are the minimum qualifications.

Class II-AA+6 years work experience
Class III-AA+40 Units* or Bachelor's Degree
Class IV-AA+80 Units* or BA+20 Units
Class V-Master's Degree
Class VI-Doctorate

*Semester Units in Assigned Field

9.6 SALARY STEP PLACEMENT

Each faculty member is responsible for providing official transcripts, teaching and work experience verifications to the Office of Academic Support located at San Jose City College, or to the Office of Academic Services located at Evergreen Valley College no later than sixty (60) days after the beginning date of hire. Credit may not be granted retroactively for academic teaching or work experience verifications received subsequent to the sixty (60) day limit.

Faculty members employed for part-time service shall be placed on the associate faculty salary schedule step for which their years of educational service and occupational vocational experience qualify them.

9.6.1 Educational Service Placement for Positions Requiring a Master's Degree

For instructional and non-instructional experience in an accredited secondary school or college/university, faculty shall be placed on the salary schedule as follows:

Step 1 0-3 years previous educational service
Step 2 4 years previous educational service
Step 3 5 or more years previous educational service
Step 4 6 or more years previous educational service
Step 5 7 years previous educational service
Step 6 8 or more years of previous educational service

9.6.2 Verified Occupational/Vocational Experience for Positions not Requiring a Master's Degree

For verified occupational/vocational experience that is directly related to the member's position, faculty shall be placed on the salary schedule as follows:

Step 1 0-4 full time years of occupational/vocational experience
Step 2 5-6 full time years of occupational/vocational experience
Step 3 7-8 full time years of occupational/vocational experience
Step 4 9 or more full time years of occupational/vocational experience
Step 5 10 full time years of occupational/vocational experience

Step 6 11 or more full time years of occupational/vocational experience

9.6.3 Credit for Prior Educational Service and Verified Occupational/Vocational Experience

For placement, service can include a combination of educational service and verified directly related vocational/occupational experience not to exceed placement on Step 6. Associate faculty shall be placed on the salary schedule as follows:

- Step 1 Any combination of educational service and occupational/vocational experience equal 0-3 years
- Step 2 Any combination of educational service and occupational/vocational experience equal to 4 years
- Step 3 Any combination of educational service and occupational/vocational experience equal to 5 years
- Step 4 Any combination of educational service and occupational/vocational experience equal to 6 years or more
- Step 5 Any combination of educational and occupational/vocational experience equal to 7 years
- Step 6 Any combination of education service and occupational/vocational experience equal to 8 years or more

9.7 ADVANCEMENT BY STEP

Faculty members employed on the associate salary schedule shall advance one (1) step after completing the equivalent of 33% of an annual load for one academic year until the maximum step is attained. Faculty members hired mid-academic year (spring semester) shall advance one (1) step after completing the equivalent of 33% of an annual load for one academic year on the following January 1st until their maximum step is reached.

9.8 ADVANCEMENT OF ALL ASSOCIATE FACULTY ON SALARY SCHEDULE

Effective Fall 2007 adjunct faculty were placed on the full time salary schedule at a pro rata amount which meant they were able to advance on the salary schedule. The effective date means that undergraduate (lower and upper division), graduate courses, credit for non-academic experience as delineated in Article 9.8, learning communities, and service learning must have occurred after employment with the District and after Fall 2007.

9.8.1 Movement Across Salary Classes

- 9.8.1.1 Movement across the salary classes is based on continuing educational development of the faculty member. It shall be the responsibility of each associate faculty member to submit verification of completion of unit(s) or degree(s) or work experience requirements for movement to a higher salary class. Such verification shall require official transcript(s) or official documentation sent directly to the District from the granting institution or other record that the Chancellor of the San Jose/Evergreen Community College District shall prescribe.
For Undergraduate course credit and credit for non-academic experience, the faculty

member shall apply to the Professional Recognition Committee (PRC) for approval for movement across the salary schedule. To be considered, application submission is required no later than the second meeting of the PRC in the following academic semester.

9.8.1.2 All required verifying evidence of completion for the movement across the salary schedule must be submitted to the District. Verified information received by the 15th of any month within a regular annual payroll cycle for that faculty member shall entitle movement on the pay schedule in the next monthly pay period, provided that the faculty member would have received a paycheck in that month. Verified information received after the 15th of the month or verified information received in a month which there is no regular pay period following, shall be paid in the next regular pay cycle.

9.8.1.3 Movement across salary classes is based on continuing educational development of the faculty member. For undergraduate and non academic experience, faculty members will provide to their dean a copy of the materials submitted to Human Resources/PRC (Appendix L) two working days prior to the PRC meeting. The Dean may present comments to the faculty member or forward comments to the administrator on the PRC.

9.8.1.4 For graduate units, service learning and learning communities, the faculty member will provide to their dean a copy of the materials to be submitted to Human Resources/PRC.

9.8.2 Graduate Course Credits

Unit requirements for advancement in salary classes must be completed after the baccalaureate degree is granted. Course work must carry graduate credit as established by the institution offering the work. All course work submitted for salary class advancement must be offered in an institution of higher learning accredited by an agency recognized by the American Council on Education.

9.8.3 Undergraduate Course Credit

Undergraduate coursework (lower division and upper division courses) taken after initial employment as an associate faculty member may be counted toward salary schedule advancement if it can be demonstrated that such coursework advances the instructional and non-instructional associate faculty member's skills and/or ability in the teaching or service area. The faculty member shall obtain approval for undergraduate courses from the Professional Recognition Committee (PRC).

9.8.4 Credit for Non-Academic Experience

Associate faculty may apply to have non-academic experience relevant to their effectiveness in their assignment as an instructor evaluated for advancement credit on the salary schedule. In order to assure credit, the faculty member shall obtain approval of the non-academic experience consistent with Article 9.8.1.1. To receive credit for approved, non-academic experience, the faculty shall submit a written report of the work completed and its relevant value, including

written certification of non-academic experience, on forms provided by the District. Such experience shall be credited according to PRC procedures as set forth in Section 10.4. Sixty (60) hours of non-academic work shall be required to earn one (1) unit. A maximum of six (6) unit equivalents may be credited to any single class movement.

9.8.5 Credit for Learning Communities and Service Learning

9.8.5.1 Faculty members at Classes II, III and IV, on the Academic Salary Schedule who participate in Service Learning and Learning Communities may apply to earn credit for movement across salary classes.

9.8.5.2 In order to qualify for credits for movement across the salary schedule, faculty must complete one or more of the following:

1. Learning Communities

To qualify, a faculty member, in addition to participating in the faculty member's own class, must participate in the linked class for a minimum of one hour per week and confer with their colleague on the planning of the classroom activities and instructional strategies.

- For each unit (1 unit) of linked classroom time (not the faculty member's own class) a faculty member shall receive 1 semester unit credit.
- A maximum of six (6) unit equivalents may be credited to any single class movement for participation in this initiative.

2. Service Learning

To qualify, a faculty member must supervise and evaluate students' service learning activities. Additionally, faculty members shall develop and implement service-learning projects for students by working directly with the Service-Learning Coordinator(s) and/or directly contacting community organizations.

- For every ten (10) students in a service-learning project per semester, the faculty member shall receive one (1) semester unit credit.
- A maximum of six (6) unit equivalents may be credited to any single class movement for participation in this initiative.

9.9 CREDIT FOR DOCTORAL DEGREE

Associate faculty possessing an earned doctoral degree from an accredited (see Article 9.4.1) shall be automatically placed in Class VI. If a doctoral degree was earned at a foreign university, the applicant shall provide an evaluation of equivalency and the District shall apply the same evaluative standards to determine its value as would the State Chancellor's Office. Holders of honorary doctoral degrees and

degrees from institutions not accorded recognition by the American Council on Education shall not qualify for this placement.

9.10 ASSOCIATE FACULTY PARITY/EQUITY

9.10.1 Parity Definition

The District and the AFT 6157 are committed to a 100% parity definition for associate faculty, and to work towards increasing the percentage of pro-rata pay to 100% on the salary schedule for associate faculty.

9.10.2 The parity percentage shall be adjusted in accordance with any negotiated changes to the associate faculty contract load consistent with the goal of achieving 100% parity. Once the District reaches 85% parity, associate faculty assignments shall include, as ancillary duties, a pro-rated amount of professional duties and office hours. Proration shall factor in both the then-current percentage toward parity and the member's assignment as compared to a full-time load. By way of example, when the District has achieved 90% parity, an associate faculty member with a 67% assignment will be responsible to perform $90\% \times .67$ of the full-time expectation for office hours and professional duties. It is understood that these assignments are ancillary and do not count toward an associate faculty member's 67% load.

The District will move associate faculty parity pay from 76% to 77% for lecture and 79% to 80% lab effective July 1, 2026. (See Appendix D-1a).

9.11 REDUCTION IN SALARY

When a reduction in salary would result from a revision to the salary schedules, the faculty member's salary shall be maintained at the faculty member's current level of compensation until the next applicable advancement on the salary schedule.

9.12 ASSIGNMENT LENGTH AND MAXIMUM LOADING

Associate faculty members shall be responsible and accountable for all District assigned service during the college semester for which they are employed. Assignments are limited to a maximum of 67% of a full load.

9.12.1 In accordance with Education Code § 87482.3, which says, "the terms of reemployment preference for part-time temporary faculty assignments based on the minimum standards up to the range of 600 to 67 percent of a full-time equivalent load," associate faculty, who have attained SRP in accordance with 9.17.3, shall be assigned, based on seniority, a load in the range of 60-67%, not anything less than that range so long as the load is available, unless the associate faculty member declines the additional load assignment.

9.12.2 In accordance with Ed Code § 87482.5, ancillary activities shall not be used for purposes of computing the 67% load limitation for associate faculty.

9.13 PAY FOR PARTICIPATION IN PROFESSIONAL DEVELOPMENT DAYS AND

ADDITIONAL ASSIGNMENTS

9.13.1 Professional Development Days:

Two Fall and January Professional Development Days: Associate faculty shall be paid for activities which they participate, not to exceed four (4) hours per PD day. Associate faculty are eligible to receive two (2) additional hours of pay by participating in college designated activities on each of these three (3) professional development days up to a maximum of six (6) hours per each PD day.

The March/April Professional Development Day: Associate faculty shall be paid for activities in which they participate, not to exceed four (4) hours per PD day. No associate faculty member will be paid for both regularly scheduled service and a PD day activity which occur during the same hour.

9.13.12 Professional Development Fund

The Professional Development Committee (PDC) reviews requests for virtual or off-campus professional conferences, seminars, or workshops that meet the State of California's Professional Staff Development funding objectives for at least one of the following:

- Improvement of teaching
- Maintenance of current academic and technological knowledge and skills
- In-service training for vocational/career education and employment preparation programs
- Retraining to meet changing institutional needs
- Intersegmental exchange programs
- Development of innovations in instructional and administrative techniques and program effectiveness
- Computer and technological proficiency programs
- Courses and training implementing equal employment opportunity and upward mobility programs

Professional Development fund requests for conferences, seminars, or workshops must be submitted to the Professional Development Committee (PDC) before the due dates. Funding for full-time faculty and SRP associate faculty is limited to a maximum of \$1,200.00 per academic year (until the annual professional development budget is spent). All PDC guidelines and procedures related to the application and review process will be followed.

9.13.3 Ancillary Activities

Until the District achieves 85% parity, associate faculty shall be paid on the non-instructional salary schedule for participation in ancillary activities. Ancillary Activities assignments include, but are not limited to, campus and department professional work such as committees, division/department meetings, department service such as SLO coordination, program review writing, and advising student organizations. Ancillary Activities are offered by the District and accepted by the associate faculty member using written communication prior to

commencement of the ancillary activities, and may use a form such as the Non-Instructional Assignment Agreement. It is understood that ancillary activities shall not count toward an associate faculty member's 67%load. (Ed. Code Section 87482.5 (c).)

Additional Ancillary Activities described in this section are not subject to SRP contract provisions. Ancillary duties include but are not limited to:

Service as a substitute on a day-to-day basis

Service in professional ancillary duties including: governance, staff development, grant writing, union work, advising student organizations, board grading, hourly department work such as curriculum development, program review, and SLO work.

Ancillary duties will be paid at the non-instructional rate.

9.14 OFFICE HOURS

Associate faculty duties and responsibilities will include office hours. Associate faculty members will be responsible for keeping office hours for each class taught. Office hours shall be based on the standard of one half (.5) hour for each 20% load course. Appropriate locations for office hours may include, but are not limited to, the associate faculty centers located on both campuses and via Zoom or other video conferencing platforms. The time, location, modality, and access instructions for office hours shall be clearly stated in the course syllabus.

9.15 PREPARATION TIME

Associate counsellors shall have included in their workweek hours separate and distinct paid time for appointment preparation, follow-ups and emails with students, and other activities related to student support outside of appointments. Associate counselors shall be given these weekly prep hours proportionate to the load they carry in relation to their full-time colleagues' 32.8 hours/week. For example, an Associate Counselor would receive 1 hour of prep time for every 20% load.

9.16 DISBURSEMENT OF SALARY CHECKS TO ASSOCIATE FACULTY AND REIMBURSEMENT REQUIREMENT IN CASE OF SALARY OVERPAYMENT

9.16.1 Salary checks shall be disbursed to associate faculty members on the tenth (10th) of each month in equal payments, as applicable, in September, October, November, December and January for the fall semester, and February, March, April, May and June for the spring semester. Faculty hired at other times during the semester shall be paid on the tenth (10th) of each month following commencement of services.

9.16.2 The District shall determine pay based on scheduled assignments as of August 11 and January 11. Class cancellations in September and February may lead to salary overpayments on September and February paychecks for cancelled classes. To remedy any overpayments, the District shall rely on the following methods of recovery:

- a. Deduct the overpayment amount, divided equally, from the remaining salary checks within the semester. This method of repayment is available to any associate faculty member who continues on the District payroll for the semester in which the class(es) were canceled. To initiate a wage deduction, the associate faculty member must voluntarily provide written authorization by signing the Offer of Academic Employment and Contract,
- b. Directly repay the District the overpayment amount. This method of repayment is required for associate faculty members who do not remain on the District's payroll after the cancellation of their class(es). The associate faculty member shall receive a notice (first class mail) of a salary overpayment and shall reimburse the District the full amount of the overpayment within 30 calendar days.
 - o Any associate faculty member who fails to reimburse the District the full amount of any salary overpayment shall be ineligible for future employment by the District until the associate faculty member reimburses the District the full overpayment amount. This provision does not limit the District's right to seek recovery through any method chosen by the District of any salary overpayment amount not fully reimbursed by the associate faculty member.
 - o To be eligible for seniority rehire preference, the associate faculty member must have met all requirements for salary overpayment reimbursement in accordance with section 9.16.2.

9.16.3 Withdrawal of SRP

SRP is withdrawn if the associate faculty member fails to reimburse the District the full amount of any salary overpayment in accordance with the requirements of section 9.16.2.

9.17 RETIREMENT SYSTEMS/SOCIAL SECURITY TAXES/TAX SHELTERED PROGRAMS

Each new associate faculty member will be provided information about all retirement options and required to make a choice in writing within (30) thirty days.

9.17.1 Public Retirement System

Associate faculty who do not belong to a public retirement system have the option of enrolling in the State Teachers Retirement System (STRS) defined benefit plan or the STRS cash balance plan. Enrollment in the STRS cash balance will result in a reduction of four percent (4%) of the associate faculty member's wages being deposited in the cash balance account at STRS. An equal amount will be contributed by the District.

9.17.2 Social Security & STRS Calculation

Associate faculty employed before January 23, 1998, who choose not to participate in either STRS plan, shall have their wages subject to Social Security, to which the District and faculty shall contribute equally on the first day of the month.

The District and AFT shall meet on or before May 2027 to negotiate a possible Social Security option for associate faculty.

If the District determines it is feasible to offer the Social Security option, all associate faculty, who choose not to participate in either STRS plans, shall have their wages subject to Social Security.

9.17.3 District Employed STRS/PERS Retirees

1. All associate faculty who have previously retired from a STRS/PERS employer and who do not contribute to STRS/PERS and teach as associate faculty in the District shall participate in an APPLE (Accumulation Program for Part-time and Limited-service Employees) Plan. The plan is qualified under Internal Revenue Code 3121 Section 401(a) or 457(b).
2. Effective the month following ratification, the District shall contribute to an APPLE retirement fund 3.75% each pay period being deposited into the APPLE account.
3. All APPLE participants shall have deducted 3.75% each pay period to be deposited into the APPLE account as a match to the District's contribution.
4. Participants are 100% vested beginning with first contribution.
5. The APPLE plan permits withdrawals under the following events:
 - a. Change in Employment Status (STRS eligibility)
 - b. Termination of Employment
 - c. Retirement
 - d. Permanent Disability
 - e. Death
 - f. Age 70½

9.17.4.1 Faculty members may participate in a 403(b) plan and/or Roth 403(b) plans of their choice, providing the company will sign the District's Hold Harmless Agreement.

9.17.4.2 Faculty members may participate in a 457 plan.

9.17.5 Creditable Service

For the purpose of providing creditable service reporting to the State Teachers Retirement System (STRS) as defined in Education Code Section 22138.5, the following establishes the District service standards for a year of service credit:

- 9.17.5.1 1,050 hours per year for non-instructional faculty including but not limited to counselors, librarians and health center nurses

- 9.17.5.2 525 hours per school year for all lecture instructors
- 9.17.5.3 700 hours per school year for all lab instructors

9.17.6 Sick Leave Conversion For Retirement and Transfer:

Upon retirement or transfer, sick leave for associate faculty on the STRS/PERS defined benefits retirement plan shall be converted to days based on the following formula:
Total Number of accumulated sick leave hours divided by 3.

This section shall become effective July 1, 2010.

9.18 SENIORITY REHIRE PREFERENCE (SRP)

9.18.1 SRP Status

Associate faculty shall attain Seniority Rehire Preference (SRP) at 33%. SRP status is earned separately at each college, and earned SRP is not applied from one college to another. SRP status provides a qualified associate faculty member with seniority rehire preference rights over other qualified but less senior associate faculty for a single discipline. A discipline may not necessarily be contained within a single department. Discipline is defined by the *Minimum Qualifications for Faculty and Administrators in California Community Colleges*. Nothing in this language prohibits a faculty member from additional assignments outside the single discipline as long as the faculty member meets the Minimum Qualifications and is qualified as outlined in 9.18.2.

In the circumstances where an associate faculty member with SRP does not receive the 33% SRP load (underloaded) in the SRP discipline, the associate faculty member may be assigned additional instructional assignments by the District in another discipline for which the associate faculty member is qualified (1) if an assignment is available, (2) the underloaded associate faculty member is placed at the bottom of the SRP list in the alternate discipline, (3) the underloaded associate faculty member does not “move up” the SRP list according to their original SRP date, and (4) if the associate underloaded faculty member will not displace any sections that have been assigned to associate faculty with SRP in the other discipline.

The underloaded associate faculty member bears the responsibility to request additional alternate discipline instructional assignments from the dean in writing. Alternate discipline assignments shall be made on a semester basis only in the alternate discipline, however, they will count as loading for maintaining SRP in the regular discipline.

- 9.18.2 For the purposes of this article only, “qualified” shall mean (1) meeting the state minimum qualification for the “Faculty Service Area” (FSA), (2) having adequate preparation for the specific course for assignment through appropriate education or experience, and (3) possessing effective skills relevant to the specific course or assignment. The deans shall retain the “right of assignment” and will determine what courses will be offered to best meet the needs of the students and the division/department. Associate faculty members shall be assigned classes by seniority pursuant to this article and based on the needs of the students and the division/department. A seniority list shall be established for all associate faculty based

on their first associate faculty employment in the District. Any service preceding a break in service of six (6) or more consecutive semesters shall not count towards seniority. Therefore a seniority date will be changed to the most recent hire date if the associate faculty member has not been employed by the District for six (6) or more consecutive semesters. In cases of equal seniority between two or more associate faculty members, ties shall be determined by lot.

9.18.3 Attaining SRP: Associate Faculty

- a. To be eligible for SRP, the instructional associate faculty member shall teach a minimum 33% load per semester within the discipline in which SRP is conferred (not including summer session or intersession) for three (3) consecutive semesters with positive performance evaluations. If an evaluation is not performed, it shall be considered as if a positive evaluation has occurred.
- b. To be eligible for SRP, non-instructional associate faculty, counselors, librarians and nurses must have an assignment equal to 33% or more load and positive performance evaluations as described above in Section 9.17.3 (a). The 33% (173.5 hours or more) is based on a full semester calculation.
- c. An exception to the three (3) consecutive semester rule shall apply when an associate faculty member has worked at least 33% for two consecutive semesters with positive evaluations, is offered and accepts at least 33% for a third consecutive semester, but actually works 10% or more but less than 33% due to any of the following:
 - The associate faculty member's class is cancelled
 - The associate faculty member accepts an assignment for the District at either campus that is not a regular associate faculty assignment. This assignment would be a NIA. This NIA load will not count towards obtaining full-time faculty status.
 - A part of the assignment is withdrawn because it is needed to fill the load of a full-time faculty member (to 100%).
- d. The associate faculty with a 10% or greater load meeting the requirements of section 9.18.3 c shall be evaluated for attaining SRP based on the remaining load.
- e. For associate faculty who teach classes that are offered only once a year, SRP may be earned by meeting the standards contained in section 9.18.1 and by teaching a 33% load over three consecutive academic years with positive evaluations.

9.18.4 Attaining SRP: Full-Time Categorical Non Tenured Faculty and Temporary Full-Time Faculty

In the event that full time categorical non tenured faculty members and temporary full time faculty are subsequently hired as an associate faculty, without a break in service, their teaching/non instructional experience shall be applied to attaining SRP.

9.18.4.1 If they have three (3) consecutive semesters and positive evaluations (Article 9.18.3) they will have SRP.

9.18.4.2 With less than 3 consecutive semesters, they will be in the process of attaining SRP with the number of semesters they have already completed.

9.18.5 Notification of Award of SRP

Associate faculty who have successfully achieved SRP shall receive a notification from the Office of Academic Support (SJCC) or the Office of Academic Services (EVC). The notice shall confirm the award of Sonority Rehire Preference (SRP), the responsibility to retain SRP by the maintenance of the minimum 33% load requirement, and a reference to Article 9.18 of the Collective Bargaining Agreement. The load requirement to satisfy the SRP entitlement is 33%. The load limit should not be construed to be 33%.

9.18.6 Associate Faculty with SRP Status

This section applies to associate faculty members who have already achieved SRP status.

9.18.6.1 **Evaluation:** Once SRP status has been granted, ongoing evaluations of performance shall occur once every six (6) semesters or more often if warranted. The summary evaluation for associate faculty evaluations shall be determined by mutual agreement between the peer and the administrator.

9.18.6.2 Loss of SRP Status

SRP status is withdrawn in the following circumstances:

a. Refusal of Load

SRP status is withdrawn if the associate faculty member refuses all load offered in the District for 4 consecutive semesters except for the following reason/s:

- Leaves that are comparable to those defined in the Family Medical Leave Act (FMLA), such as for the birth, adoption or placement of a foster child; to care for a seriously ill family member or domestic partner; or medical leave for the serious illness of the faculty member.
- An associate faculty member accepts an assignment for the District at either campus that is not a regular associate faculty assignment.
- An associate faculty member accepts an assignment in a discipline outside

of the faculty member's SRP discipline.

- Load was offered outside the faculty member's schedule request and was refused on the basis that the offered hours conflict with work that the associate faculty member has accepted from another employer. Refusal on this basis will not result in loss of SRP, unless work is refused more than twice within four (4) semesters. Associate faculty who turn down work because it conflicts with employment that the associate faculty member has already accepted elsewhere will confirm their reason for refusal in writing to their dean.
- Other extenuating personal circumstances which the associate faculty member and the supervising Vice President or designee mutually agree make acceptance or commencement impossible.
- An associate faculty member with SRP may request one semester off during a four-semester period and still maintain SRP. Eligibility for each subsequent leave shall be measured from the beginning of the semester that the prior leave was taken. An associate faculty member who makes such a request shall receive an evaluation prior to approval of the request for time off. The associate faculty member's most recent evaluation must have received an overall rating of proficient or higher.

b. Unavailable Load

SRP is withdrawn if there is no available load for the associate faculty member in the District for 5 consecutive semesters, except for the following reasons:

- An associate faculty member's class is cancelled
- The assignment is withdrawn because it is needed to fill the regular load of a full-time faculty member.

c. Unsatisfactory performance or misconduct

Re-employment preference may be withdrawn if an appraisal of the associate faculty member's performance is unsatisfactory in any of the three categories on the summary evaluation form. It may also be withdrawn where the associate faculty has received prior discipline for serious or on-going misconduct, or if an investigation of student complaints or surveys substantiates performance problems. An improvement plan may be discussed with associate faculty members.

9.18.6.3 Load Assignment Process

- Each semester the administrator/designee shall by district email, provide the associate faculty notification of class availability and request for preferences. The administrator/designee shall notify associate faculty when no load is available. Schedule requests will be given serious consideration in building the schedule.
- When assignments are offered as part of the regular planning process, associate faculty will be given at least two working days to accept or decline the assignment. Requests for additional time to respond will not be unreasonably denied.
- When assignments are offered outside the regular planning process (e.g.: when sections are added after the schedule has been published) associate faculty will be given at least two working days to accept or decline the assignment.
- Associate non-instructional faculty are eligible for remote work up to 0.2 (20% load) of the faculty's assignment with the approval of their direct supervisor, area/dean administrator, or Vice President/management designee. (See Article 12.2.3.1 for a full description of remote work)

9.18.7 Standing/rank on the seniority rehire list does not guarantee a minimum load or, in the case of a class cancellation, it does not provide the right to claim an assignment already offered to and accepted by an associate faculty member of lower rank (or no rank). Seniority rehire preference will be exercised during the scheduling process but will not supersede student demand for courses, instructional program requirements, or required competence for teaching specific courses.

9.18.7.1 Within the established schedule development process, the amount of time to build a schedule for each term varies given the size and complexity of the academic unit. Deans are provided with an SRP list that identifies the faculty by name, division, department, and hire date. Each division/ department's process may differ in terms of specifics but each must adhere to the priority of assignments.

9.18.7.2 The Dean shall

- inform the associate faculty regarding the division/department's process.
- use a process that ensures assignments are offered to those who have earned the rehire rights by seniority and are qualified to teach the specific course.
- solicit input from associate faculty regarding preferences and availability.
- Adhere to date/time requests from associate faculty when reasonably possible and in order of SRP.

9.18.8 All full time (tenured, tenure-track, and new hires) will be placed on the full time faculty

seniority list for overload assignments to be made pursuant to Article 15 (Overload). Full time faculty will have the "right of first refusal" for un-staffed classes/assignments while the schedule is finalized for each academic term before consideration of associate faculty on the seniority list. ARTICLE 12

WORKLOAD, CLASS SIZE, CLASS CANCELLATION

The AFT 6157 and the District recognize that the teaching and support services of the faculty require specialized preparation and knowledge. Faculty have the ultimate responsibility of providing the best classroom instruction and professional support services, and of assisting in the development of programs, practices, and conditions for the accomplishment of this purpose.

12.1 WORKLOAD – DEFINITIONS AND PROVISIONS

12.1.1 Assignments

12.1.1.1 Instructional

An instructional assignment is an activity that results in awarding of academic credit by the college. Each and every instructional assignment shall either be counted as part of the assigned load or counted as part of a voluntary overload assignment, exclusively, and shall be subject to the provision of each respectively. (See Assigned Load and Overload below.) The different components of an instructional assignment are contained in 12.3.

12.1.1.2 Non-Instructional

A non-instructional assignment is any professional faculty service or activity authorized by the District or the state that does not satisfy the conditions of an instructional assignment as defined above. The different components of a non-instructional assignment are contained in 12.3.

12.1.2 Load

The load is the instructional and/or non-instructional workload (or a portion thereof) of a faculty member and is measured as a decimal fraction or percentage of a full-time faculty member's academic year employment obligation, as defined by this bargaining agreement, and known as one full-time equivalent faculty (1.00 FTEF).

The following are the different types of load:

12.1.2.1 Normal Load

The normal load is the amount of workload that a full-time faculty needs to perform in order to satisfy the academic year employment obligation as outlined in this contract of a 1.00 Full-Time Equivalent Faculty (FTEF).

12.1.2.2 Regular Load

The regular load is the faculty member's workload obligation as authorized by the District. For a full-time faculty member, the regular load is the normal load, but

the District may authorize a regular load of less than 1.00 FTEF.

12.1.2.3 Mixed Load

A mixed load is a workload that includes a combination of instructional and non-instructional assignments. The assigned mixed load should combine the appropriate proportions of 1.00 FTEF for each of the component loads.

12.1.2.4 Assigned Load

The assigned load is the workload assigned to the faculty member for the semester to fulfill the employment requirement of that Faculty member's regular load. Due to course configuration and other scheduling difficulties, the assigned load may not be the same as the regular load.

12.1.3 When the assigned load differs from the regular load, the following definitions apply:

12.1.3.1 Assigned Credit

The assigned credit is the amount of the assigned load that exceeds the regular load.

12.1.3.2 Assigned Deficit

The assigned deficit is that portion of the regular load that is not assigned.

12.1.3.3 Cumulative Load

The cumulative load is the sum of all of the assigned credits minus the sum of the assigned deficits. The cumulative load may be deficit (negative), balanced (zero), or credit (positive).

12.2 GUIDELINES

12.2.1 Cumulative Load

Any additional load over 100% which is not paid to the faculty member shall be included in the faculty member's final pay (see Article 15.4)

12.2.1.1 If the cumulative load is deficit (negative) by more than ten percent (10% or 0.10 of a 1.00 FTEF), then the immediate supervisor and the faculty member shall meet to devise a plan to reduce the deficit cumulative load to less than ten percent (10% 0.10) deficit.

12.2.1.2 When there is an assigned credit, one of the following guidelines shall apply:

A. If the faculty member has a deficit cumulative load, then the assigned credit shall be used to reduce the deficit cumulative load.

OR

- B. If the faculty member has a credit cumulative load, then the assigned credit shall be used to increase the credit cumulative load. If the faculty member chooses not to do this, then the District shall by default compensate the faculty member for the assigned credit at the current associate faculty rate of pay.

12.2.1.3 When there is an assigned deficit, the following guidelines shall apply:

- A. If the faculty member has a credit cumulative load, then the credit shall be used to reduce the assigned deficit in order to complete a regular load.

AND

- B. The assigned deficit may not be used to add to the deficit cumulative load without the faculty member's written permission.
- C. Under the circumstances where there are no other assignments in any of the faculty member's FSA's to complete the regular load, the faculty member must be given, in the next semester, an assignment that will eliminate any cumulative deficit. If this does not occur, the faculty member shall not be required to make up the deficit caused by the lack of assignment.

12.2.1.4 If the cumulative credit load is ten percent (10% or 0.10) or more of 1.00 FTEF, then the immediate supervisor may, in consultation with the faculty member and subject to other provisions of this contract, use any or all of the credit cumulative load as part of the next semester's assigned load of the faculty member.

12.2.2 The faculty member may use any or all of the credit cumulative load as part of his/her assigned load. However, the faculty member may neither receive any financial compensation for credit cumulative load at the associate faculty rate nor convert it to overload.

12.2.3 If the faculty member leaves the AFT 6157 bargaining unit and/or District employment and/or retires, then:

12.2.3.1 Any deficit cumulative load is eliminated, and the faculty member has no obligation to reimburse the District for this deficit.

12.2.3.2. Any credit cumulative load is eliminated, and the District has no financial obligation to compensate the faculty member for this credit.

12.2.4 Overload

An overload is a separate, voluntary assignment requested by the faculty member in addition to the faculty members assigned load that requires a separate contract and is subject to the provisions of the article on overload (Article 15) in this bargaining agreement.

12.3 FACULTY WORKLOAD

12.3.1.2 Other Laboratory Class Assignment

For all laboratory assignments that are not covered in Section 12.3.1.1, twenty (20) in-class academic hours of laboratory per week is a 1.00 FTEF assignment. Each laboratory hour per week is 1/20 or 5% of 1.00 FTEF assignment.

12.3.1.3 Work Experience Assignment

An assignment in which the instructor has 125 work experience students per semester is the equivalent of 1.00 FTEF assignment.

12.3.1.4 Combination Assignment

An instructional assignment may contain a mixture of hours under sections 12.3.1.1 (lecture/discussion/science or health field labs) and 12.3.1.2 (other labs) lecture and laboratory hours. When this occurs, the load is computed at the rate of 6 2/3% for each lecture hour, science lab hour per week and 5% for each laboratory hour per week not covered under 12.3.1.1.

The Distance Education Faculty Coordinators shall maintain, and make available upon request to the supervising administrator, a list of all faculty's eligibility expiration dates. The Distance Education Faculty Coordinators shall also respond to faculty members with their current DE status. The current refresher training requirement will comprise four (4) hours of training every two years after completion of the initial training. The two-year timeline begins at the end of the semester in which you receive your initial training. Faculty shall be allowed to complete DE refresher training requirements at any time within the two (2) year refresher cycle.

C. Refresher DE eligibility expiration dates will be either the end of Fall, Spring, or Summer Terms. New Refresher training will be required every two (2) years after the initial certification.

D. Continuing distance education refresher training includes, but is not limited to:

1. Workshops and trainings offered at either campus.
2. Any facilitated California Virtual Campus Online Educations (@One) course or webinar that provides verification of attendance on completion.
3. Approved list of trainings in the DE Handbook.
4. Faculty may petition the Distance Education committees for approval of activities not on the list BEFORE they take the training.

E. Grace Periods for Completing Refresher Training

1. Faculty whose DE eligibility has expired, (or is expiring), and who possess initial certification, shall be allowed to teach DE classes the following semester contingent upon them completing the four (4) hours of refresher training anytime during the scheduling semester.
2. Faculty whose DE eligibility has expired, and who possess initial certification, shall be assigned DE classes contingent upon them completing four (4) hours of refresher training during the semester that they are teaching online. If they fail to complete the refresher training during the grace period semester, they may be removed from future online scheduling until their refresher training is completed.
3. Faculty whose DE eligibility has expired, and who possess initial certification and have not completed any refresher training for four (4) years or more, shall be required to complete eight (8) hours of refresher training anytime during the scheduling or teaching semester.

F. Training Records and Tracking of Faculty Eligibility

- Faculty can petition the Distance Education committee for approval of activities not on the list.
- Distance Education training will be offered at the Fall Professional Development Day(s) (PDD), and may be offered in the Spring PDDs if scheduling permits.
- Completion of training will be verified by the Distance Education Faculty Coordinators.

G. Record Keeping

- The Distance Education Coordinator maintains and reviews the eligibility list and ensures, in collaboration with the Office of Academic Affairs/Services (OAS) and the Vice Presidents of Academic Affairs, that the list is updated and current.
- Faculty are responsible for keeping records of their Distance Education courses, webinars and other means of demonstrating eligibility. Such records may consist

of screenshots, unofficial transcripts, certificates, or any other evidence of attendance, as specified by the DE committees.

- Faculty will digitally submit (upload) records and documents to a designated site maintained by the Distance Education Faculty Coordinators.
- The Distance Education Faculty Coordinator will work with the OAS to provide timely consistent updates at least once per semester to notify faculty of their DE Eligibility and announce opportunities for DE training to maintain continuing eligibility.

H. Compensation for Completing Distance Education Refresher Training

- Use of Professional Development Funds: Faculty members may apply to the Professional Development Committee for funds to be used for continuing Distance Education; This training may not be used for an increase in step and column, pursuant to Article 10 - Professional Recognition.

- Full-time Faculty and Associate Faculty have the option to utilize the Spring March PDD, as an alternate training to maintain DE Certification in accordance to Article 11.7.
- Associate Faculty: Associate faculty will be compensated for attendance on PDD days in accordance with Article 9.13.
- Associate Faculty may also attend non PDD training such as EVC's Innovation in Online Teaching and Learning (IOTL), SJCC Distance Education workshops.
- In the event that Associate Faculty are unable to attend the Fall PDD(s) the Associate Faculty may request two (2) additional alternate paid DE training hours, (Flex Training) to complete and maintain DE eligibility.

Associate Faculty utilizing the paid DE Training option must ensure that the training is approved by the DE Faculty Coordinator.

Upon completion of the DE training as certified by the DE Faculty Coordinator, the Associate Faculty will submit a timesheet to the OAS for up to two (2) hours at the hourly overload rate.

No less than fifty percent (50%) of the required office hours for face-to-face courses shall be held in person at the faculty member's assigned office or other on-campus location. Faculty members assigned to teach courses delivered in a hybrid, online synchronous, or asynchronous modality may satisfy their required office hours through a virtual format. The time, location, modality, and access instructions for office hours shall be clearly stated in the course syllabus.

Faculty members assigned to teach one or more in-person courses delivered on campus scheduled to begin after 5:00 p.m. may satisfy their required office hours through a virtual format (e.g., Zoom or a comparable District approved platform).

12.7 CLASS SIZE

12.7.1 Definitions

- Class Cap: the officially approved maximum enrollment for a course, attached to the course outline of record and applied district-wide.
- Section Cap: the maximum enrollment for a specific section of a course. It normally equals the Class Cap unless reduced by room capacity or other constraints.
- Room Cap: the maximum number of students who can safely and legally occupy an instructional space.
- Master Class Cap List: the official districtwide record of approved Class Caps and any approved exceptions.

12.7.2 Class Size

- a. Class size shall be set at 28 for all ESL reading, writing, listening and speaking, pronunciation and grammar courses for ESL 390 and below.
- b. English Composition courses under the newly mandated AB 1111 - Common Course Numbering shall maintain their agreed-upon size. English C1000, formerly English 1A; English C1001, formerly English 1C; and English C1002, formerly English 1B shall be 28 students per class.

- d. Honors Courses: Courses designated as "Honors" shall have their maximum enrollment cap reduced by 10% relative to the comparable course at that level.

- 12.7.2.1 Beginning with Intersession, 2027, courses currently capped above 45 shall be reduced to no more than 45 except by mutual agreement between AFT 6157 and the District.

The instructional category guide below shall support the establishment and review of Class Caps for new courses. It shall not be used for new or existing courses addressed in the above section 12.7.2.

Courses that are updated under the newly mandated AB 1111 - Common Course Numbering shall maintain their agreed-upon size.

The categories in this guide shall be based on the official Course Outline of Record and other relevant factors (such as pedagogy, comparable course caps, and input from districtwide discipline faculty and administrators). The guide is meant to support decision-making. It is not meant to be used as an objective measure of appropriate class size separate from the other criteria listed in this article.

Instructional Category	Basic Description	*Typical Cap
Large lecture	Primarily lecture-driven instruction, with methods of evaluation consisting primarily of objective exams and quizzes.	45
Lecture with discussion groups	Combines lecture with discussions. Methods of evaluation may include short essays and exams/quizzes.	40
Regular lecture/discussion	Mix of lecture and active student participation; methods of evaluation may include presentations, writing assignments, projects, research demonstrations, field journals, research projects, and varied assessments.	35
Applied courses	Focuses on project-based learning or non-science lab work; methods of evaluation emphasizes practical application and may involve group projects and required presentations per general education requirements.	30

Science lab, CTE lab, or studio art	Hands-on lab or studio environments where students work with equipment or materials; supervision and safety are critical factors.	28 or fewer

	Caps will not exceed safety, equipment, space limitations, or supervision standards	
Specialized/clinical/practicum courses/Adaptive PE/SAS and DSP Courses	Courses requiring direct supervision in regulated environments (e.g., clinical placements, practicum experiences); often mandated by external accrediting or licensing standards.	20 or fewer Courses for Special populations such as SAS/DSP students and Adaptive PE courses will not exceed 15.

12.7.2.2 The instructional category guide provides enrollment ranges that inform the Review Team’s recommendations. These ranges do not automatically determine a class cap; the Review Team shall consider discipline-specific pedagogy, safety, facilities, accreditation, student-success data, and equitable workloads when recommending or adjusting a class cap. The review shall be based on the official Course Outline of Record and other relevant factors (such as pedagogy, comparable course caps, and input from districtwide discipline faculty and administrators).

12.7.2.3 A course may be referred for review of the class cap by the department faculty and/or the area dean to the Class Size Review Team when its cap is above or below the typical range for its instructional category. The Class Size Review Team shall review these courses to determine whether the cap should be adjusted. All reviews of new and existing classes shall utilize the official Course Outline of Record and other relevant factors (such as pedagogy, comparable course caps, and input from districtwide discipline faculty and administrators). Changes to existing course caps shall be made by mutual agreement between AFT 6157 and the District.

12.7.3 Faculty may voluntarily accept students above the Section Cap up to the Room Cap; voluntary over-enrollment shall not alter the approved Class Cap.

12.7.4 Class Size Review Team

The Class Size Review team is a Contract Administration Team focused on negotiating class size. District and AFT representatives shall apply the criteria in this article, such as the above guide, discipline-specific pedagogy, safety, facilities, accreditation, student-success data, similar course caps, and equitable workloads when recommending or adjusting a class cap for new and existing courses. The Review Team shall meet as needed to review and update caps. The Review Team may invite discipline area faculty or administrators to serve as discipline experts. The review shall be based on the official Course Outline of Record and other relevant factors (such as pedagogy, comparable course caps, and input from districtwide discipline faculty and administrators). New course caps and changes to current course caps shall be made by mutual agreement

between AFT 6157 and the District.

- 12.7.5 The District shall maintain and publish the Master Class Cap List in a public manner, including each course and its approved Class Cap, instructional category, and the effective term of each decision.
- 12.7.6 Extra load for large lecture sections. When the census enrollment in a lecture section exceeds 45 students, with the instructor's consent, the instructor shall receive additional load credit calculated at 0.02 FTEF for each additional group of up to five (5) students, up to a maximum section enrollment of sixty-five (65) students. For example, a section with 46–50 students earn +0.02 FTEF; 51–55 students earn +0.04 FTEF; 56–60 students earn +0.06 FTEF; and 61–65 students earn +0.08 FTEF. No lecture section shall exceed sixty-five (65) students without mutual agreement through the negotiations process.

12.8 CLASS CANCELLATION

Scheduled classes shall be canceled only after written notification by the appropriate administrator/designee is sent to the instructor. The written notification is to be issued on or around thirty days before the first day of instruction.

12.8.1 Without the Consent of the Instructor

Classes may (not must) be canceled where enrollment does not meet the thresholds set forth in this article. In determining whether to cancel low-enrolled classes, scheduling deans will consider a variety of factors which may weigh against cancellation, including but not limited to:

- The course is being offered for the first time
- The course will not be offered again for at least one year
- The course is part of an active course sequence
- The course is critical for students to complete a certificate or degree

12.8.1.1 A class may be canceled within twenty (20) days before the class starts if the enrollment is less than 40% of the class maximum;

12.8.1.2 During the first two weeks of instruction, a class may be canceled if enrollment is less than 40% of the class maximum;

12.8.1.3 Classes shall not be canceled after the second week of instruction without the consent of the instructor.

12.8.2 With the Consent of the Instructor:

Classes may be canceled with the consent of the instructor at any time.

12.8.3 Wait Lists

The District agrees to form a committee of faculty members and administrators to examine and propose potential better methodology to improve the wait list process for students and present potential solutions no later than August 2024.

12.9 REASSIGNMENT OF FACULTY WITH CANCELED CLASSES

12.9.1 A faculty member, whose regular load (1.0) has been displaced through cancellation, and the immediate dean shall consult and agree on the alternative(s) to complete the faculty member's regular load.

12.9.2 If no agreement can be reached between the dean and the faculty member, the faculty member may choose among any unstaffed instructional assignment in one of the faculty members FSA's.

12.9.3 If no such unstaffed instructional assignment which falls within the normal work assignment exists, then the faculty member and the division Dean will collaboratively choose an instructional assignment in one of the faculty members FSA's, first among those staffed by academic associate faculty or second among those staffed as an overload by a full-time faculty member.

12.9.4 If none of the above is chosen, the dean may assign any instructional assignment to the faculty member in one of his/her FSA's.

12.9.5 In the situation where the above alternatives do not exist or are not chosen, the faculty member shall have an under load as described in 12.2.

ARTICLE 13

LEAVES AND ABSENCES

13.1 AUTHORIZATION

13.1.1 Leaves of absence

Leaves of absence shall be granted as authorized by the District. For academic associate faculty, leaves shall apply only during the semester in which the event causing the leave occurs as set forth in this Article, and consistent with state and federal law.

13.1.2 Break in service

No absence under any paid leave provisions in this Article shall be considered as a break in service for any faculty member who is in paid status, and all benefits accruing under the provision of this Agreement shall continue to accrue.

13.2 TENURE-TRACK CONTRACT FACULTY

Tenure-track contract faculty members may be granted leave under such conditions, as the District shall determine. Any such leave shall be counted toward permanent status in the District if, despite the leave, the tenure review committee conducts a complete evaluation of the member by the completion deadline set forth in Article 20. Where the evaluation is not completed, the time on leave shall not count toward permanent status.

13.3 CREDIT ON SALARY SCHEDULE

Unless otherwise stipulated in the specific leave policy, time spent on leave shall not be counted as experience for advancement on the salary schedule.

13.4 ABSENCE OF FACULTY MEMBERS

13.4.1 Report

Faculty members shall make a reasonable effort to inform the appropriate administrator in advance of any anticipated absence. For unanticipated absences, a unit member shall report an absence by calling or emailing the immediate supervisor or the supervisor's designee as soon as they become aware of the need to be absent, or as soon thereafter as possible.

Members who are absent from work shall communicate with their supervisor regarding whether they will be returning to work the following work day.

A faculty member shall maintain communication with their direct supervisor regarding absences. If a faculty member does not maintain communication with their direct supervisor, discipline consistent with the procedures set forth in Article 25 may be enforced.

It is understood that there may be legitimate reasons and conditions where the faculty are incapacitated in such a way where daily or consistent communication with their direct

supervisor is not possible.

13.4.2 Compensation

A faculty member shall receive no compensation for time absent from regularly assigned duties, except as provided in this Agreement or by order of the Chancellor or designated administrative officers.

13.4.3 Salary Deduction

Salary deduction from accrued leave banks for absences for full-time faculty which are covered by this Agreement shall be computed by the following ratio: Each day of such absence shall result in the deduction of 1/156 of the faculty member's regular salary. For academic associate faculty members, the deduction per hour of absence will be based on the faculty member's hourly rate.

13.5 ILLNESS, ACCIDENT OR QUARANTINE

13.5.1 Annual Entitlement

13.5.1.1 Full Time Faculty-Fall and Spring Semester

Each full time faculty member shall be credited with ten (10) days of sick leave to be used for absences due to accident, illness or quarantine each year.

13.5.1.2 Full Time Faculty-Overload, Intersession and All Summer School Sessions

Full time faculty or non-instructional faculty who teach/work overload, intersession, or summer school shall be credited with a proportion of five (5) days of sick leave based on their percentage of load for each of these sessions.

13.5.1.3 Associate Faculty

Associate faculty members shall be credited with the greater of the following:

- a. a proportion of five (5) days of sick leave based on their percentage of load for each semester and for intersession and for each summer school session; or
- b. one hour of paid sick leave for every thirty (30) hours worked.

13.5.1.4 Non Instructional overload and all Associate Faculty sick leave calculation

1. Instructional: weekly contact hours per section x the # of sections = the hours earned per semester, Example: 0.400 lecture FTE (2, 0.200 sections) 3.4 hours per section x 2 sections = 6.8 hours of sick leave earned per semester contract
2. Non-instructional: total hours per semester divided by 16 weeks = the hours earned per semester, Example: 210 total semester hours divided by 16 weeks = 13.13 hours of sick leave earned per semester.

13.5.1.5 Accrual of Sick Leave During Other Assignments

In addition to accrual of sick leave through teaching/non-instructional load, faculty shall accrue sick leave when assigned core duties to their position outside their teaching/non-instructional load. Examples include but are not limited to, assessment placement; program review by associate faculty; curriculum development by associate faculty, grant writing by associate faculty, and part-time program coordination by associate faculty. If there is a question, the colleges are to email the Vice Chancellor of Human Resources who will consult with the AFT 6157 to make a determination on whether sick leave is accrued.

13.5.2 Computation of Sick Leave Deduction

13.5.2.1 Full Time Faculty-Fall and Spring Semester

For full time faculty members, deduction for sick leave will equal the proportion of the total hours assigned for a full week that is determined by comparing the hours missed with the total week's assignment including office hours. In accordance with section 12.6 of the collective bargaining agreement, office hours are adjusted in accordance with instructional load.

13.5.2.2 Full Time Faculty - Overload, Intersession and All Summer School Sessions

In the event that a full time faculty member needs to utilize sick leave during an overload assignment, intersession or summer session, the deduction will be taken from the accrued overload sick leave in an amount equal to the number of hours of the assigned time that is missed. For implementation purposes for full time faculty members, days/hours of sick leave will be converted to hours. Any days/hours not used will accrue for use during subsequent years.

13.5.2.3 Associate Faculty

For associate faculty members, the deduction of sick leave for each semester and intersession and summer session will equal the number of hours of assigned time that is missed. For implementation for associate faculty members, days/hours of sick leave will be converted to hours. Any days/hours not used will accrue for use during subsequent years.

13.5.3 Transfer of Unused Sick Leave

A faculty member whose service with the District began on or after September 1, 1965, and who was employed by another California school District for not less than one school year immediately preceding employment by the District, shall have transferred to the District the total amount of unused sick leave to which the faculty member was entitled. This total must be certified, in writing, by an office of the former school district employer.

13.5.4 Compensation

13.5.4.1 Extended Illness

In the event the faculty member experiences a prolonged medical absence from the District, the faculty may access the following leave in the order specified. First, all sick leave (full time and overload sick leave if working overload) is to be

exhausted, then the faculty member may access banked load and finally any excess accrued overload sick leave may be used to continue coverage up until the overload leave is exhausted. After exhausting the above leave, the faculty member may request catastrophic leave (see Article 13.22.3). Catastrophic leave may be integrated with Substitute Differential Leave (Article 13.5.4.2).

13.5.4.2 Substitute Differential Leave

Absence covered by accumulated sick leave shall be at full pay. For full-time faculty members when all sick leave accrued has been used and additional absence is necessary, such absence shall then be covered by substitute differential leave. The faculty member shall be paid the difference between the faculty member's salary and that of the substitute, or the amount that would have been paid had a substitute been hired, until the total absence covers a period of five months of time during which the faculty member would have been required to render service to the District. If no substitute is hired, the pay deducted shall be at the first step of the appropriate lab pro rata rate.

13.5.5 Verification

The District may require physician's certification or other proof of illness before allowing payment for absence due to illness, accident, or quarantine. Such notice may be required after three (3) consecutive days of absence or sooner if a pattern of absences of less than three days continually occurs.

13.5.6 Mandated Quarantine

A. Individual employee quarantine

A faculty member who is directed to quarantine by a the county public health officer due to the employee's exposure to a contagious disease shall receive full salary during the period of enforced quarantine. If the faculty member is not ill, no deduction shall be made from the employee's accumulated days of paid illness absences. A statement from a qualified physician and/or public health authorities relative to the quarantine restrictions shall be required in all cases.

B. Pandemic/Epidemic-Related Quarantines

Section A shall not apply to quarantines that are due to exposure to a contagious disease during a pandemic or epidemic, or that are pursuant to: a) an order to quarantine due to travel; or b) a shelter in place order directed to a group or geographic area. However, in the event of a pandemic or epidemic, the District and AFT shall negotiate over the effects of any quarantine orders on the terms and conditions of employment and may negotiate additional leave rights tailored to the unique circumstances created by the particular pandemic/epidemic.

13.6 PERSONAL NECESSITY

13.6.1 Duration

In the event of personal necessity, each full time faculty member shall be entitled to the use of up to six (6) days per year of accumulated sick leave for personal necessity. In the event of personal necessity, each associate faculty member shall be entitled to the use of up to 60% of the amount of that semester's sick leave credit for personal necessity.

13.6.2 Definition-Personal Necessity shall be defined to include

13.6.2.1 death or serious illness of an immediate family member. "Immediate family member" in this section is defined as the employee's:

- 1) child (biological, adopted, foster, stepchild, legal ward, or for whom the employee stands in loco parentis);
- 2) parent (biological, adoptive, foster, stepparent, or legal guardian of the employee or employee's spouse or registered domestic partner, or individual who stands in loco parentis);
 - a. spouse;
 - b. registered domestic partner;
 - c. grandparent;
 - d. grandchild; or

13.6.2.2 accident involving the faculty members' person or property, or the person or property of an immediate family member; or

13.6.2.3 any other compelling personal need.

Recreational activities do not qualify for personal necessity leave. Personal business that can be reasonably scheduled outside the workday does not qualify for personal necessity leave.

13.6.3 Procedure

Notification is required before such absence may be taken except in emergency cases of death, illness, accident or compelling personal importance.

13.7 PREGNANCY-RELATED DISABILITY

Employees disabled by their pregnancy, childbirth, or pregnancy-related condition are entitled to unpaid pregnancy disability leave ("PDL") for up to four months. There is no minimum service requirement for employees to qualify for PDL. Available FMLA leave shall run concurrently with PDL Leave. However, CFRA Leave shall not be counted against PDL leave. As such, an Employee who has taken PDL leave will still have twelve (12) weeks of CFRA leave available for parental leave pursuant to Section 13.8, so long as the Employee is eligible for CFRA leave and has not utilized their annual allotment of CFRA leave for another purpose.

The Americans with Disabilities Act (ADA) requires covered employers to provide reasonable accommodations to a person with a disability if the reasonable accommodation would not cause an undue hardship for the employer. While pregnancy is not a disability in and of itself under the ADA, some pregnancy-related conditions may be disabilities under the law. 42 U.S.C. § 12101, et seq. The Pregnant Workers' Fairness Act requires all private and public sector employers with at least 15 employees, Congress, Federal agencies, employment agencies, and labor organizations to make reasonable accommodations for known limitations related to the pregnancy, childbirth, or related medical condition of a job applicant or employee, unless doing so would impose an undue hardship. 42 U.S.C. § 2000gg, et seq. If an employee is temporarily unable to perform their job because of pregnancy or a pregnancy-related condition, the employee or medical provider shall contact HR to request accommodations. The employer must treat them the same as any other temporarily disabled employee. For example, if the employer allows temporarily disabled employees to modify tasks, perform alternative assignments, or take disability leave or leave without pay, the employer also must allow the employee who is temporarily disabled because of pregnancy to do the same. Faculty who qualify for pregnancy disability may be permitted to work on an intermittent basis, as recommended by their medical provider.

13.8 PARENTAL LEAVE

- 13.8.1 Employees may use current and accumulated sick leave for parental leave, up to twelve (12) workweeks in a school year. The leave may be intermittent.
- 13.8.2 Employees may use parental leave under this provision and in accordance with Education Code section 87780.1 within the first year of a child's birth, adoption, or placement in the employee's foster care.
- 13.8.3 To the extent a faculty member is eligible for leave pursuant to Article 13.9 – Family Medical Leave Act 1993, the entitlement and use of Parental Leave shall be satisfied by and run concurrently with leave taken pursuant to Article 13.9 - Family Medical Leave Act 1993 and the California Family Rights Act.
- 13.8.4 Sick leave used for child bonding counts as parental leave and as part of the 12 workweeks.
- 13.8.5 If a faculty member does not have enough sick leave accrued for the duration of their parental leave (up to 12 workweeks), the employee may be entitled to substitute differential pay as defined in Article 13.5.4.2. In accordance with Education Code section 87780.1, the faculty member shall be compensated at no less than 50 percent of their regular salary for the remainder of the parental leave if the faculty member exhausts all sick leave.
- 13.8.6 Paid parental leave counts against the 12 workweeks of child-bonding leave under FMLA/CFRA.

13.9 FAMILY MEDICAL LEAVE ACT AND CALIFORNIA FAMILY RIGHTS ACT (FAMILY MEDICAL LEAVE)

- 13.9.1 In compliance with the Family Medical Leave Act (FMLA) and California Family Rights

Act (CFRA), eligible faculty members may take unpaid leave of up to twelve (12) weeks for qualified medical and family reasons, unless otherwise specified. While on Family Medical Leave, faculty members are entitled to District paid benefits as outlined in this section.

13.9.2 Family Medical Leave is not an additional leave. This means that the leave is granted only to ensure a total of 12 weeks of leave with benefits. For example, if a faculty member has taken personal necessity leave of one week for a reason that qualifies for FMLA/CFRA, the Family Medical Leave will run concurrently with the FMLA/CFRA leave.

13.9.3 Unless otherwise specified, faculty members who have been employed for at least twelve (12) months without a break in service and have worked for the District for 1,250 hours within the preceding twelve (12) months are eligible for this leave.

13.9.4 Qualifying Events for Purpose of Family Medical Leave

The conditions for which Family Medical Leave Act or California Family Rights Act leave may be taken are:

13.9.4.1 birth or placement of the child with the faculty member for the purpose of adoption or foster care within one year of such birth or placement; or

13.9.4.2 the faculty member's own serious health condition that makes the employee unable to perform the functions of the position; or

13.9.4.3 a serious health condition of the faculty member or their qualifying relative (the faculty member's spouse or registered domestic partner, or the faculty member's child or parent, grandparent, grandchild or sibling (as these terms are defined by the FMLA and/or CFRA), which requires the faculty member to care for the family member; or

13.9.4.4 qualifying exigency leave due to military service as defined by the Family Medical Leave Act; or

13.9.4.5 a qualifying exigency related to the covered active duty or call to covered active duty of an employee's spouse, registered domestic partner, child, or parent in the United States Armed Forces.

13.9.4.6 military caregiver leave as defined by the Family Medical Leave Act. Faculty members eligible for military caregiver leave are entitled to up to twenty-six (26) weeks of unpaid leave.

13.9.4.7 For purposes of CFRA leave only, a serious health condition of a person designated by a unit member. A unit member may designate one 'designated person' per 12-month period who is any individual related by blood or whose association with the unit member is equivalent of a family member.

13.9.5 Application for Leave

A request for Family Medical Leave must be made in writing by completing the Family Leave application form and submitting it to the Office of Human Resources. (See appendix K). The faculty member must request FMLA/ CFRA leave at least thirty days before the requested start of the leave if the need is foreseeable. If it is not foreseeable with thirty days' advance notice, the faculty member must request the leave as soon as practicable. The completed application must state the reason for the leave and the beginning and ending dates of the leave. The District is entitled to request information regarding the basis for the request, in order to determine whether the leave qualifies under the FMLA/ CFRA.

13.9.6 Conditions of FMLA/ CFRA Leave

13.9.6.1 A faculty member who requests Family Medical Leave for the member's own serious health condition is required to use all available accrued sick leave and differential concurrently with the use of FMLA/ CFRA leave. A faculty member who requests Family Medical Leave to care for a qualifying relative may choose to use sick leave to cover the requested leave period. At the exhaustion of all above paid leaves, the remainder of the FMLA/CFRA leave will be unpaid. District paid benefits, if applicable, will continue through the duration of the leave on the condition that the faculty member returns to work after the leave or the faculty member's failure to return is based on reasons beyond the employee's control.

13.9.6.2 Only one Family Medical Leave may be taken in each twelve month period. This twelve month period is a forward rolling leave calculated from the date on which the last Family Medical Leave started, or in the case of the first leave, the first date on which the faculty member becomes eligible and has a qualifying reason.

13.9.6.3 The District may require the faculty member to obtain a second medical opinion at District expense. If the two medical opinions conflict, the opinion of a third medical provider, approved jointly by the faculty member and the District, may be required at District expense, and the third opinion will be final and binding unless otherwise agreed to by the District and employee.

13.9.6.4 Leave taken because of the serious health condition of a faculty member, or qualifying family member may be taken intermittently or on a reduced schedule when medically necessary.

Leave may be counted in full or partial days or full or partial weeks. Leave taken because of the birth or placement of a child may only be taken intermittently as follows: in two-week minimum increments, and/or two instances of leave of less than two weeks within the 12-week leave period. Any other intermittent or reduced schedule leave must be expressly approved by the Vice Chancellor of Human Resources.

13.9.6.5 If both parents work for the District, they are both entitled to take 12 weeks of

CFRA leave, totaling 24 weeks of CFRA leave for child bonding.

13.9.7 Medical Certification Statement

An application for leave based on the serious health condition of the faculty member or the faculty member's qualifying relative as identified in Section 13.9.4.3 must be accompanied by a Medical Certification Statement completed by a health care provider. The certification must state the date of which the health condition commenced, if known, the probable duration of the condition, and the appropriate medical facts allowed by the law regarding the condition. If leave is for the care of a family member, it should also estimate the amount of time that the faculty member will be needed to care for the qualifying relative. If leave is for the faculty member's own health condition, certification should also state that the faculty member is unable to perform the functions of his or her own position. If additional leave is requested beyond the period stated in the certification, the District may require re-certification in accordance with these procedures.

13.9.8 Return from or Failure to return from Leave

The faculty member is expected to return to work on the date stated in the application for leave. If the faculty member wishes to return earlier, both the faculty member's administrator and the Office of Human Resources should be notified at least five (5) days before the faculty member's planned return. Failure to return from leave without notification may be construed as an abandonment of the faculty member's position. The District will require a certification that the faculty member is physically able to return from leave due to the faculty member's own serious health condition. However, if a faculty member returning from Family Medical Leave due to the member's own serious medical condition is unable to perform the essential functions of the faculty member's job because of a physical or mental condition, the District's obligations to that faculty member may be governed by the Americans with Disabilities Act and Fair Employment and Housing Act.

13.9.9 Reinstatement Rights

A faculty member on Family Medical Leave is entitled to be returned to the same position held prior to the leave, if still available, or to an equivalent position, subject to provisions of the Bargaining Unit Contract. A faculty member on Family Medical Leave will not suffer the loss of any other employment benefits that the faculty member earned or was entitled to before using the leave.

13.9.10 Health Care Benefits (if applicable)

District paid benefits will continue during the period of Family Medical Leave. If the faculty member does not return from leave and employment is terminated, District paid benefits shall terminate at the end of the month in which the faculty member was last in paid status.

13.9.11 Coordination with Pregnancy Disability Leave

Family Medical leave is separate and distinct from disability leave for pregnant faculty members. Pregnant faculty members may be entitled to a disability leave in addition to the Family Medical Leave. An eligible faculty member may be entitled to take a pregnancy disability leave of up to four months and a Family Medical Leave of up to twelve weeks for

a combination of approximately seven months.

13.10 RETURN TO WORK

The faculty member who has been out on medical leave because of their own serious health condition shall secure a medical release and submit their medical release to human resources before being permitted to return to work.

13.11 BEREAVEMENT

13.11.1 A faculty member shall be entitled to bereavement leave of up to five (5) days, or seven (7) days if travel is required out of the country for the death of any member of the faculty member's immediate family and to such additional days, as the District may allow. For full-time faculty, no deduction shall be made from the salary of such faculty member on account of such leave. The leave shall be taken within three (3) months of the date of the death. Associate faculty members shall be paid for classes or non-instructional time which are scheduled for that associate faculty member during such leave.

13.11.2 For purposes of Bereavement Leave, "immediate family" is defined as the faculty member's spouse or registered domestic partner; Parent or grandparent (including stepparent) of the faculty member or their spouse or registered domestic partner; child or grandchild (including stepchild, child for whom the faculty member serves as guardian or in loco parentis) of the faculty member or their spouse or registered domestic partner; sibling of the faculty member; or relative living in the immediate household of the faculty member.

13.11.3 A unit member experiencing a reproductive loss event as defined in applicable law (Government Code section 12945.6) shall be granted five (5) days of unpaid leave if the unit member has been employed by the District for at least 30 days before the leave begins. Reproductive loss leave under this subsection shall be taken within three (3) months of the reproductive loss event. This subsection shall only apply to the unit member if the unit member is the individual experiencing the reproductive loss event or the unit member is the spouse or domestic partner of the individual experiencing the reproductive loss event or other person who would have been a parent to the extent required in section 12945.6. The unit member may use personal leave, accrued and available sick leave, or other accrued time off that is otherwise available to the employee. This subsection does not apply to immediate family members as set out in 13.11.2.

13.12 JURY SERVICE

A faculty member shall receive full pay while serving as a panel member on a jury in a case before a court of law, provided the faculty member signs over and remits all compensation received for such jury duty, exclusive of mileage, to the District. Faculty members called for jury duty shall immediately advise their immediate supervisor so suitable arrangements can be made.

13.13 INDUSTRIAL ACCIDENT AND ILLNESS

13.13.1 Criteria

If a District-related injury or sickness results in absence of a full-time or associate faculty member, that person is entitled to leave for the duration of the injury as determined by the appropriate medical authority, subject to workers compensation laws. Such leave shall commence on the first day of such absence. Any applicable tenured rights and service credit shall be maintained during the industrial accident and illness leave.

13.13.2 Compensation

13.13.2.1 The District shall, for not more than 60 working days within any one year for the same accident, provide compensation which, added to any disability payments, will equal the faculty member's normal salary.

13.13.2.2 Faculty members who have exhausted the 60-day compensated leave shall utilize accrued sick leave in fractions of days for which pay, when added to disability compensation, will ensure the faculty member's full salary but will not exceed a normal day's compensation as calculated for each faculty member.

13.13.3 Allowable Leave

13.13.3.1 Allowable industrial accident and illness leave shall not be accumulated from fiscal year to year. When an industrial accident or illness leave overlaps into the next fiscal year, the employee shall be entitled to only the amount of unused leave due the faculty member for the same illness or injury.

13.13.3.2 Faculty members who have exhausted the 60-day compensated leave may utilize accrued sick leave in fractions of days for which pay, when added to disability compensation, will ensure the faculty member's full salary but will not exceed a normal day's compensation as calculated for each faculty member.

13.13.4 Exhaustion of Leave

Upon termination of the industrial accident or illness leave, the faculty member shall be entitled to the benefits provided in the Education Code. For purposes of each of these sections, the faculty member's absence shall be deemed to have commenced on the termination date of the industrial accident or illness leave. If the faculty member continues to receive temporary disability indemnity, the faculty member shall elect to take as much accumulated sick leave, which will not exceed the faculty member's full salary when added to the faculty member's temporary disability indemnity.

13.13.5 Continuation of Fringe Benefits

Any faculty member assigned more than 60% of a full load and who is on industrial accident or illness leave, whether District compensated or not, shall have the right to continuance of fringe benefit coverage.

Personal business leave shall apply when circumstances indicate a faculty member must voluntarily be absent from normal hours of employment. Each full-time faculty member shall be entitled to a maximum of five (5) days of personal business leave each year, subject to prior approval of the Chancellor or designee. The full-time faculty member shall receive the difference between the faculty member's salary and the rate of pay of a substitute, whether or not a substitute was actually hired. This leave is in addition to the leave time provided under Ed. Code Section 87784 (See, Section 13.6).

13.15 MILITARY LEAVE

13.15.1 Criteria

Faculty members who are members of any reserve corps of the Armed Forces of the United States, or of the National Guard, or who are inducted, enlisted or otherwise ordered to active military duty shall be granted such leave, in accordance with the Uniformed Services Employment and Reemployment Rights Act (USERRA).

13.15.2 Service Credit

Absence on military leave shall not be construed as a break in the continuity of service, but shall not count toward tenure for a contract faculty member.

13.15.3 Compensation

Faculty members on military leave of absence shall be compensated in accordance with USERRA.

13.16 PROFESSIONAL CONFERENCES OR MEETINGS

The Board may grant a paid leave of absence with travel expenses for attendance at professional conferences, which are beneficial to the District, as determined by the Chancellor and subject to budget allocations.

13.17.1 Authorization

Leaves for educational improvement, government service, exchange teaching, election or appointment to public service, or health reasons may be granted by official action of the Board of Trustees on the recommendation of the Chancellor. Such leaves of absence shall normally be granted without pay and shall normally last not less than one (1) semester nor more than one (1) year. An extension of the leave may be granted where completion of the program requires longer than one (1) year and where advantage will accrue to the District. When authorized leave is for exchange teaching, so that the faculty member's normally assigned duties are performed by an individual from another institution, and when the replacing person is being compensated by her/his regular employer, the faculty member will be compensated at the faculty members regular salary.

13.17.3 Credit on Salary Schedule

Leaves of not more than one (1) year for educational improvement, Foreign Service and exchange teaching shall be counted as one year of experience for advancement on the salary schedule. Leaves of one (1) semester shall be credited as one semester for advancement. Discretionary leaves for health purposes, under this section, shall not count for such advancement.

13.17.4 Notification of Intent to Return

In leaves covered in this section, the faculty member must sign an Agreement that the Chancellor shall be notified in writing not less than sixty (60) days before the end of the semester or by April 1 (December 1 for fall semester leaves) whichever is earlier, of the member's intention to return.

If the Chancellor is not timely notified, the position will be considered to be vacant. At least ten (10) days before the notice is due, the Chancellor will remind the faculty member of this obligation by certified letter to the faculty member's last known address.

13.18 LEAVE FOR FACULTY SERVING AS ELECTED OFFICER OF EMPLOYMENT ORGANIZATION

13.18.1 The District shall grant to a full-time faculty member, upon request, a leave of absence without loss of compensation for the purpose of enabling such faculty members to serve as an elected officer of any local community college, District public employee organization, or of any statewide or national public employee organization, with which the local organization is affiliated.

Such retirement contributions shall include the amount necessary to pay any unfunded liability cost for each such retirement plan. The faculty member shall earn full service credit during the leave of absence and shall pay member contributions as prescribed by Section 22804 of the Education Code. The maximum amount of the service credit earned shall not exceed twelve (12) calendar years.

Any faculty member, who serves as a full-time officer of a public employee organization, shall not be eligible for disability benefits under the State Teacher's Retirement System while on the leave of absence.

- 13.18.3 Following the District's payment of the faculty member for the leave of absence, the District shall be reimbursed by the employee organization of which the faculty member is an elected officer for all compensation paid the employee on account of the leave. Reimbursement by the faculty member organization shall be made within ten (10) days of receipt of the District's certification of payment of compensation to the faculty member.
- 13.18.4 The leave of absence without loss of compensation provided for by this section is in addition to the released time without loss of compensation granted to representatives of an exclusive representative by subdivision (c) of Section 3543.1 of the Government Code.

Either failure to provide such notice or failure to return shall constitute a breach of contract.

13.20 CHILD REARING LEAVE

- 13.20.1 Upon request the Board shall provide a full-time faculty member who is the natural or adoptive parent an unpaid leave of absence for the purpose of rearing the faculty member's child. Such leave shall be for one (1) full year or one (1) semester if requested by the faculty member) as defined in this article. A faculty member shall notify the Chancellor of the request for leave two (2) months prior to the commencement of such leave. The leave must commence within six (6) months of the birth or the adoption of the child. This leave is in addition to the leave time provided under FMLA/CFRA and Ed. Code Section 87780.1.

13.22 CATASTROPHIC ILLNESS LEAVE BANK FULL-TIME FACULTY AND ASSOCIATE FACULTY WITH SENIORITY REHIRE PREFERENCE (SRP)

- 13.22.1 California Education Code § 87045

Catastrophic illness or injury means an illness or injury that is expected to incapacitate the employee for an extended period of time, or that incapacitates a member of the employee's family which incapacity requires the employee to take time off from work for an extended period of time to care for that family member, and taking extended time off work creates a financial hardship for the employee because the faculty member has exhausted all of the member's sick leave and other paid time off.

- 13.22.1.1 Immediate family member(s) for the purpose of this policy is defined to include only the following: spouse, domestic partner, children and legal dependents.

- 13.22.2 Basic Provisions

The following provisions apply to the catastrophic illness leave (CIL) bank available to faculty.

- 13.22.2.1 Any full-time faculty member with a balance of eligible sick leave credits of twenty five (25) days or more after such donation, may donate days to the bank, up to but not more than fifteen (15) days per year.

Any SRP associate faculty with a balance of 34 hours of sick leave after such donation may donate to the bank, up to but not more than 17 hours per year.

- 13.22.2.2 Full-time faculty members who donate at least one day each time an official union/district call is made shall be entitled to request Catastrophic Leave for

their own personal use. Tenure-track faculty members may participate in CIL, but shall not be required to donate one day of sick leave until they are tenured.

13.22.2.3 SRP Associate faculty members who donate at least 3.4 hours each time an official union/district call is made shall be entitled to request Catastrophic Leave for their own personal use. SRP associate faculty may participate in CIL, but shall not be required to donate 3.4 hours until the fourth semester following the earning of SRP.

13.22.2.4 Any faculty member may receive leave credits from the bank when approved in accordance with the required provisions.

13.22.2.5 There will be no attempt to evaluate a day donated or received on the basis of the pay rate of the donor or the recipient.

13.22.3 Procedure

13.22.3.1 The applicant (or agent) for CIL must submit an Application for Leave Request form (see appendix K) in writing to the Vice Chancellor of Human Resources. All requests must be accompanied by a physician's statement which verifies catastrophic illness or injury (as defined above) of the faculty member or the faculty member's immediate family member.

13.22.3.2 Both the Vice Chancellor of Human Resources and the President of the AFT 6157 will recommend approval of catastrophic illness leave (CIL) only in the cases of catastrophic illness or injury.

13.22.3.3 Every attempt will be made to protect the privacy of the applicant.

13.22.4 Establishing the Bank and Collecting Deposits

13.22.4.1 There will be an initial call from the Office of Human Resources/and or the AFT 6157 for donations to establish the bank.

13.22.4.2 There will be an annual call for donations, unless the bank has more than ninety (90) days.

13.22.4.3 There will be calls for donations when the bank balance falls below forty five (45) days. Payroll Services will notify Human Resource when the balance falls below forty five (45) days, at which time Human Resources and/or the AFT 6157 will send out the call for donations.

13.22.4.4 Donations from those eligible to donate will only be accepted during official calls from Human Resources/and or the AFT 6157. The AFT 6157 may determine to suspend the call for donations when the bank reaches a sufficient number of sick leave days.

13.22.5 Eligibility Requirements

To be eligible for CIL, faculty members must have exhausted all accrued sick leave. If an applicant is eligible for differential pay, the leave drawn from the bank will be prorated to bring the faculty member up to, but not over, the member's base salary.

13.22.6 Length of Leave

For full-time faculty the maximum length of CIL is a total of ninety (90) workdays including those which use substitute differential leave (See 13.5.4.2). In extreme cases where additional leave is needed the faculty member may make a request for additional days to the Vice Chancellor of Human Resources and the AFT 6157 President.

For SRP associate faculty the maximum length of CIL is a total of two semesters. Leave shall be based on (1) scheduled load or (2) SRP level when no load is assigned. In extreme cases where additional leave is needed, the associate faculty member may make a request for one (1) additional semester to the Vice Chancellor of Human Resources and the AFT 6157 President.

CIL terminates, and any remaining donated sick leave is returned to the bank, when:

13.22.8.1 The recipient terminates employment with the District.

13.22.8.2 The need no longer exists based on physician's recommendation.

13.22.8.3 The bank runs out of donated sick days.

ARTICLE 14

SABBATICAL LEAVE

14.1 GOALS AND OBJECTIVES

- 14.1.1 Sabbatical leaves are encouraged and may be granted to full-time faculty members for the purpose of carrying out an approved program which will benefit students, instructors, and the District. Such leaves are a means of enhancing the professional growth of faculty members through a variety of activities and/or experiences which have significant relevance to the specific assignment and/or to the retraining of the faculty member.
- 14.1.2 The District and the AFT 6157 recognize that sabbaticals ensure and enhance the instructional integrity of programs offered to our students. Accordingly, the District and the AFT 6157 agree that the Professional Recognition Committee, (PRC) as constituted in Article 10, shall review applications and conduct interviews in a manner that respects the professionalism of the applicant while ensuring the validity of the proposed project for sabbatical leave.
- 14.1.3 When members of the PRC are in disagreement among themselves over the approval of a sabbatical request, they will meet with the faculty member to gather information and/or clarification which will assist them in making an unbiased recommendation. In performing their many duties, the PRC will grant fair, impartial and equal treatment to all candidates.

14.2 ELIGIBILITY

A faculty member will be eligible to apply for sabbatical leave for the next academic year, if the year in which the faculty member applies is the faculty member's sixth (or more) consecutive year of full-time service for the District.

- 14.2.1 Leaves of absence granted by the Board of Trustees shall not be deemed a break in service. The period(s) of such absences, however, shall not be included as service in computing the six (6) consecutive years of service required by this section.

14.3 NUMBER OF SABBATICALS

The number of the full-time faculty members on sabbatical shall not exceed the equivalent of 4% of total full-time faculty or ten (10) full-time faculty whichever is higher and shall be offered to eligible applicants whose leave applications are recommended by the PRC for approval by the chancellor and the Board of Trustees.

14.4 APPLICATION AND RECOMMENDATION PROCESS

- 14.4.1 Application for sabbatical leave shall be submitted on forms developed by the Recognition Committee and approved by the AFT 6157 and the District. Completed applications must be filed in Human Resources by November 1 of the year preceding the fiscal year for which the sabbatical is to become effective. No more than two applications per year shall be submitted

by any one person.

14.4.2 Procedures

- 14.4.2.1 Application for sabbatical leave shall be submitted to the Dean for comment and signature with sufficient time to comply with the deadline date of filing with Human Resources by November 1.
- 14.4.2.2 If the Dean has concerns or comments, these should be presented in writing and discussed with the applicant. The applicant may amend the application to address the Dean's comments or concerns and may resubmit the amended version to the Dean. If discrepancies and/or disagreements are resolved, pertinent comments shall be removed and shall not be passed beyond this point.
- 14.4.2.3 The Dean shall forward the sabbatical application to the President for review and signature. If the President has concerns or comments, the President shall notify the Dean and the applicant in writing, and give the applicant an opportunity to amend the application to address these comments and concerns. If the applicant then chooses to amend the application, and the President's comments and concerns are resolved; such comments shall not be passed beyond this point. The applicant will then resubmit the application to the President for signature. However, this must be done by the November 1 deadline for filing in Human Resources. If the applicant chooses not to amend the application to address the President's comments or concerns, the President will sign the application and send it to PRC with his/her comments.
- 14.4.2.4 The PRC shall review each application and accompanying documentation, if any, and interview all applicants. Based on the results of the review and interview, the PRC shall forward a written recommendation to the Chancellor. If the PRC recommends denial of an application it shall state in writing specific reasons for doing so and shall send a copy of the denial to the applicant.
- 14.4.2.5 The Chancellor shall review the application and accompanying documentation and may interview the applicant. Based on the merits of the application and the recommendation of the PRC, the Chancellor may add and submit recommendations and forward them with the application and the PRC recommendation to the Board of Trustees.

14.5 AUTHORIZATION

Board actions on sabbatical applications are to be taken no later than the first meeting in February. In the event that an approved leave cannot be taken, alternate requests may be granted within the maximum percentage authorized, up to March 1 of the year preceding the fiscal year in which the sabbatical is to be taken.

14.6 SERVICE OBLIGATION

Recipients of sabbatical leaves shall contract to serve the District for twice the period of leave in full time service. The grantee shall indemnify the District against loss in the event of failure twice the period of leave in full time service after return from the sabbatical by executing a contract in a form approved by the Board of Trustees binding the faculty member to return for twice the period of leave in full time service.

14.7 REPORTS

14.7.1 Reports are required in order to satisfy the conditions under which sabbaticals are granted. Failure to submit the reports to the PRC may result in loss of the sabbatical leave, the cessation of salary payments, and/or recouping of payments already made.

14.7.1.1 Interim Reports

The District shall require an interim report at the midpoint of each semester on the faculty member's progress in fulfilling the sabbatical obligation. This report may be oral or written based on the judgment of the PRC. Any significant changes in the approved sabbatical activities must be submitted to the PRC for approval prior to implementation. A faculty member who is notified that the sabbatical payments are to be discontinued may return to work if the faculty member's position has not been filled.

14.7.1.2 Oral Report

An oral presentation to faculty, students, and/or the community regarding the completed report is required in order to communicate to the college community the concomitant benefits of the leave. It is the faculty member's responsibility to arrange for an oral presentation and to notify the PRC. College or university work taken as part of the sabbatical program shall be referenced in the report and verified by official transcripts sent directly to Human Resources by the conferring institution.

14.7.1.3 Written Report Upon Completion of the Sabbatical Leave

Faculty members returning from sabbatical leave shall be required to submit a written report to the President (or designee) and to the PRC by the end of the first returning semester. The report shall describe in detail the learning activities that took place during the sabbatical leave, the benefits accrued to the faculty member and to the District, and that the approved sabbatical plan was completed in its entirety. College or university course work taken as part of the sabbatical program of activities shall also be described via such a report and verified by official transcript sent directly to Human Resources by the conferring institution. All required written reports shall be presented in a professional format, style, and content which reflect college level standards. The PRC will develop standards and procedures for the preparation of sabbatical reports and will submit them to the District and the AFT 6157 for approval.

14.7.1.4 The PRC shall review the written report and shall forward a recommendation to the Chancellor for approval or rejection based upon whether the sabbatical recipient

successfully fulfilled all of the requirements of the sabbatical agreement.

- 14.7.1.5 If the PRC rejects the report, they shall meet with and advise the faculty member of their decision. After consultation with the faculty member, the PRC shall set forth the reasons for rejection in writing together with specific recommendations for satisfactory completion of the sabbatical obligation. The faculty member shall, no later than thirty (30) days after receipt of the rejection notice, submit a revised report to the PRC and to the President of the college.
- 14.7.1.6 The President and the PRC, independently, shall review the revised report. If both accept the revisions, the PRC shall forward its recommendation to the Chancellor. If either the President or the PRC does not accept the revisions, both parties shall meet to try to achieve consensus. If consensus is achieved, the recommendation shall be forwarded to the Chancellor. If there is no consensus, the parties shall both state their reasons in separate documents and will forward their recommendations to the Chancellor. Both the President and PRC shall provide a copy of these documents to the faculty member.
- 14.7.1.7 The Chancellor shall review the recommendations submitted by the PRC and the President if appropriate, and accompanying documentation.
- 14.7.1.8 If, the applicant's sabbatical report is rejected, the faculty member may request to meet with the Chancellor within 10 days to appeal this decision. The Chancellor may accept the appeal or not. If the Chancellor does not accept the appeal, upon approval of the Board of Trustees, the District may pursue available legal means to recoup the funds paid to the faculty member while on sabbatical leave.

14.8 GRADES

- 14.8.1 Successful completion of an academic activity during a sabbatical shall normally be demonstrated by a grade "B" on an individual course or a "B" point average on more than one course. Exceptions may be considered when an academic institution grades on a "pass/fail" system or when a grade other than "B" is declared as the normal qualifying grade by the conferring institution in a specific academic activity.
- 14.8.2 A faculty member who does not achieve "B" or "Pass" or "Qualifying" grade, as applicable, may be permitted to take the course or courses within the next academic year unless circumstances develop beyond the control of the faculty member that would prevent such completion. In that instance, the faculty member and the PRC shall come to an agreement on a reasonable alternative.

14.9 COMPENSATION

- 14.9.1 Salary Rate
Sabbatical leaves may be arranged for one (1) year with a grant equal to 100% of the basic annual salary; or arranged for one (1) semester with a grant of 100% of one-half year's salary to be effective for those applicants chosen for sabbaticals.

14.9.2 Salary Basis

While on sabbatical leave, the salary the faculty member would have received if the faculty member had been in regular service shall be the basis for computing the faculty member's compensation. Salary for sabbatical leave shall be paid in the same manner as that paid during regular service.

14.9.3 Credit on Salary Schedule and Benefits

Time spent on sabbatical leave shall be credited for salary increment and for District benefits, including longevity requirements.

14.9.4 Credit for Movement Across the Salary Schedule and for Professional Development Steps

Movement across salary classes and movement for professional development steps is based on continuing educational development of the faculty member including education obtained while on sabbatical.

14.9.5 Extra/Overload

Faculty on sabbatical leave may not engage in any other extra non-instructional or teaching activities in addition to their regular duties in the San Diego Community College District beyond a 100% load. Faculty may use available banked overload to increase their salary to up to 140%.

14.10 ILLNESS, INJURY OR DEATH

14.10.1 In the event that injury to, or illness of the faculty member during the sabbatical leave prevents completion of the requirements of the leave, the sabbatical leave will be terminated and provisions for sick leave shall apply. If death occurs prior to the return to service to the District, no repayment of salary shall be required.

14.10.2 If upon return to service and prior to completion of the two obligatory years of service, should there be an illness or injury qualifying the faculty member for disability retirement, such illness or injury shall exempt the faculty member from further obligations relative to that sabbatical.

14.11 REINSTATEMENT

Upon return to service after a sabbatical leave, a faculty member shall be reinstated to the position held at the time leave was granted or to a comparable position, subject to provisions of law, i.e., seniority, layoff procedures.

14.12 SCHEDULE

A sabbatical leave may be arranged to begin in the fall semester and continue through the spring semester, or it may begin in the spring semester and continue through the fall semester. Any two (2) consecutive semesters shall constitute one (1) year of leave.

14.13 COMPLIANCE WITH CONTRACT

All procedures developed by the PRC to implement this article shall be submitted to the District and the AFT 6157 for approval. If any procedures are not in compliance with this Agreement, they shall be discussed with the Committee. If the matter cannot be resolved, the District and the AFT 6157 shall meet to resolve the dispute.

14.14 STATUTORY REQUIREMENTS

ARTICLE 15

OVERLOAD

15.1 VOLUNTARY NATURE OF OVERLOAD

- 15.1.1 All overload service (anything over 1.0 load) service shall be voluntary whether it occurs within or outside of the academic semesters of the 156* day academic calendar.
- 15.1.2 However, when such work is necessitated or expected by virtue of job requirements by District policy, by state mandate, appointment to committee work, and is/or assigned by an administrator outside the academic semesters of the 156* day academic calendar, then members shall be compensated according to the applicable provisions of this article related to payment for overload.
- 15.1.3 The District shall notify all eligible members of opportunities for overload and shall ensure that said opportunities be rotated among eligible members in accordance with priority of assignment as specified in 15.2 and 15.3.3.

15.2 OVERLOAD WITHIN ACADEMIC SEMESTERS OF 156* DAY CALENDARS

- 15.2.1 Full-time unit members' overload assignment for compensation and/or overload banking shall be based on a separate contract which shall normally be limited to 6 (six) units or 40% of a full load. Exceptions to this maximum overload shall be negotiated with the AFT 6157.
- 15.2.2 Overload within the academic semesters of 156* day calendar shall be paid on the Full-Time Faculty Regular Overload Lecture Salary Schedule (appendix D-6), Full-Time Faculty Regular Overload Lab Salary Schedule (appendix D-7).
- 15.2.3 Priority of Assignment for Overload within Academic Semesters of 156* Day Calendar. Faculty shall be selected and assigned at a college on the following priority basis:

 - 15.2.3.2 Full-time faculty from the home campus and outside the discipline,
 - 15.2.3.3 Full-time discipline faculty from the other District campus,
 - 15.2.3.3 Full-time faculty from the other District campus and outside the discipline.

All full-time faculty seeking overload assignments at the other District campus and full-time faculty seeking overload assignments outside their discipline at their home campus, shall submit a written notice of interest to the Administrator responsible for scheduling. Such notice must be received prior to the start of the scheduling process in order for the faculty member to

* (hours shall be based on those hours defined in the previously used 175 day calendar)

15.3 OVERLOAD ASSIGNMENT OUTSIDE THE ACADEMIC SEMESTER OF THE 156* DAY CALENDAR

15.3.1 Instructional Faculty

15.3.1.1 Compensation

Full-time faculty shall be paid from the Intersession and Summer Pro-Rata Salary Schedule (Appendix D-6, Lecture, and Appendix D-7, Lab) for any instructional assignment made outside the 156* days as defined by the 156* day academic calendar in effect at that time.

This schedule applies to pre-summer and summer sessions and all instructional assignments outside the 156* day calendar, to the maximum of 40% annually. Instructional overload assignments over the 40% annual maximum will be paid at the faculty member's placement on the Associate Faculty Pro Rata Salary Schedules (Appendix D-3, Lecture, and Appendix D-4, Lab).

15.3.1.2 Load Limits

The limits shall be 65% intersession and 80% summer session.

15.3.2 Non-Instructional Faculty Overload Outside Academic Semester of the 156* Day Calendar

Payment

Unit members shall be paid at the non-instructional hourly rate (Appendix D-5) for service provided outside of the academic semesters.

15.3.3 Priority of Assignment for Overload Outside of Academic Semesters

15.3.3.1 Contract or regular faculty members from the discipline and home campus who were not employed during the preceding summer and/or winter intersession;

15.3.3.2 Contract or regular faculty members from the discipline and home campus who were employed during the preceding summer and/or winter intersession;

15.3.3.3 Contract or regular faculty members from home campus who were not employed during the preceding summer and/or winter intersession;

15.3.3.4 Contract or regular faculty members from home campus who were employed during the preceding summer and/or winter, sessions.

15.3.3.5 Contract or regular faculty members from the other District campus(es) who were not employed during the preceding summer and/or winter intersession;

15.3.3.6 Contract or regular faculty members from the other District campus(es) who were

employed during the preceding summer sessions/and or winter intersession.

Faculty in their first year of employment with the District shall be placed at the bottom of the rotation.

For the purposes of this section "discipline" is defined as the department where the faculty member either receives his or her 1.0 equivalency load or the majority of the load if he or she teaches in more than one department. Majority of the load shall be defined as 50% or greater of a load.

15.4 BANKING OF OVERLOAD FOR PAID LEAVE

15.4.1 Banking Overload

Full-time unit members may accumulate credit toward paid leave for any instructional overload assignment within or outside of the academic calendar by banking overload in lieu of overload compensation. The percentage of semester FTE credit shall be added to the faculty member's overload bank account. Overload may be banked up to one semester FTE load.

15.4.1.1 Using form(s) supplied by the District, the faculty member shall select an irrevocable option for any overload assignment for the next academic session to either be paid during the academic session or bank the time to be used at a later date.

15.4.1.2 If no form indicating an irrevocable option is submitted prior to the commencement of an overload assignment, then for that faculty member, that overload will be paid at the prescribed rate and no banking will be allowed.

15.4.1.3 The form(s) shall also allow the faculty member to indicate a desire to use some or all of the banked overload in the subsequent academic session. If no form is submitted prior to the dates stipulated in Article 15.4.2, then no paid leave will be allowed for that academic session.

15.4.1.4 Cashing out of any or all banked overload will be allowed subject to the guidelines specified in Article 15.4.4.

15.4.2 Applying Banked Overload to Leave

Banked instructional overload shall be applied to leave in full unit increments of full course loading. Faculty may apply any full unit portion of banked overload to partial or full semester assignments. Faculty may perform additional overload service for compensation according to provision 15.2 of this article but they may not bank overload during leave. The loading formula in effect at the time leave is taken shall apply to usage of banked overload. While on leave, the faculty member shall be paid according to the full-time salary schedule (Appendices C-1, C-2) in effect at the time of the leave for the percentage of load to which the banked leave is applied.

15.4.2.1 Requesting Leave (Form – Appendix S)

Faculty who wish to apply banked overload to a leave must submit to the

appropriate Dean a written request (See Appendix S for form) for use of banked overload, which must be done by April 1 for leave in the fall semester and by November 1 for leave in the spring semester. In instances when special assignments are offered after the banked load request deadline dates, the faculty member shall be allowed to use banked load to bring them to a 1.0 load.

15.4.2.2 Requests by the faculty member for use of banked overload as fill-in for underload must be made within one week of the time the faculty member learns of the underload or prior to the beginning of the semester in which the underload is being taught whichever is later.

15.4.2.3 In any case, requests must include the portion of banked overload to be applied to the leave.

15.4.2.4 Such requests may be granted only if District programs can operate satisfactorily in the faculty member's absence. This determination shall be made by the responsible administrator. If, for any reason, a faculty member is unable to take an approved leave as defined in this article, a new leave request must be submitted for approval of any subsequent leave.

15.4.2.5 Tenure track faculty shall not be eligible to take banked leave in the first two contract years of employment. During the third and fourth years of contract employment tenure track faculty shall be eligible to take banked leave not in excess of 40%. Exceptions may be granted on a case-by-case basis upon approval by the dean. The decision to approve or not approve such leave is within the sole discretion of the District and is not subject to the grievance process. A tenure track faculty member who is on a work improvement plan shall not be eligible to take banked leave in any amount during the tenure review period.

15.4.3 Limits on Leave

Normally no more than 25% of full-time faculty per campus discipline shall be on leave during a semester. For disciplines with less than four full-time faculty, the applicable percentages shall be as follows:

33% for 3 to 3.99 full-time faculty members
50% for 2 to 2.99 full-time faculty members
100% for 1.99 or less full-time faculty members

If more than twenty-five percent (25%) of a campus discipline apply for earned leave at the same time, leave will be granted according to seniority among members who have not taken an earned leave within the past five (5) years.

15.4.4 Cashing Out Banked Overload

15.4.4.1 The Faculty member shall not be entitled to cash out banked overload except under one of the following circumstances:

1. Retirement;
2. Medical disability as defined in IRS Code Section 72(m) (7);
3. Sabbatical – not to exceed 40% Load
4. Termination;
5. Death;
6. Uninsured loss of real property in excess of \$10,000; or
7. Medical emergency causing documental costs in excess of \$2,000 resulting from unpaid leave, loss of overload pay, or uninsured medical costs;
8. Expiration of the five (5) year banking period (see 15.4.7.2).
9. Housing Expenses in excess of \$5000.

15.4.4.2 When a faculty member is paid for accumulated banked overload (known as “cashing out”) the rate of pay shall be accrued at the step/placement in effect at the time credit was earned. It will be paid at the current rate of pay for the original step placement.

15.4.4.3 Banked overload that is cashed out shall be calculated as follows:

1. Percent of banked overload of semester FTE times load times pro rata pay rate (Appendix D-3, or D-4) effective at time the overload is paid but at the step/placement when overload credit is earned.
2. For banked overload earned at the summer, cashing out shall be computed using the appropriate formula times the pay rate in effect when the credits are paid but at the step/placement at which the credits were earned.

15.4.4.4 A faculty member wishing to cash out (under 15.4.4.1, numbers, 2, 4, 5, and 6) must submit a written request to Human Resources. When a full-time unit member leaves the employment of the District, any unused banked overload shall be paid as described herein.

15.4.5 Record Keeping

Banked time shall be tracked by District Human Resources. Human Resources shall issue an annual statement by June 30 to each faculty member with a banked load balance and earned dates.

15.4.6 Reserve Funds

When the option to bank overload is exercised, an amount equal to the hourly compensation to be earned by the full-time unit member shall be placed in a separate reserve fund which will be used only to pay associate faculty replacements when the faculty member uses banked time or to cash out unused banked overload. All interest earned on this reserve shall remain in that fund to offset the increases in hourly pay rates over time.

15.4.7 Other Conditions

- 15.4.7.1 Leaves taken under this article shall have no impact on any other provisions of the collective bargaining agreement. Such leaves shall not constitute a break in service, and all benefits of this contract shall continue to accrue during leaves for banked overload.
- 15.4.7.2 Any banked time must be used within the five (5) year period following the academic year in which it was banked. For purposes of this section, summer school courses shall be considered part of the academic year in which the courses end. Any banked overload not used in that five (5) year period, will automatically be paid to the faculty member as described in Article 15.4.4 on the last regular payroll of the five (5) year period on May 31st. Once a faculty member has accumulated one semester FTE in the overload bank, any additional overload assignment shall be for normal overload compensation.
- 15.4.7.3 Overload may be banked in one hour increments for instructional assignments or in 5% FTEF increments for non-instructional assignments. 20% FTEF is the maximum that may be banked in any semester, and 40% is the maximum that may be banked in any summer session up to a maximum of 60% per fiscal year.

BANK LOAD ACCRUAL INCREMENTS

1 HOURS INCREMENT = FTE LOAD LECTURE: 0.0667 LAB: 0.050

NON-INSTRUCTIONAL ACCRUAL INCREMENTS

<u>FTE</u>	<u>TOTAL HOURS</u>
0.050	26.25
0.100	52.50
0.150	78.75

The percentage of semester FTE credit shall be added to the faculty member's overload bank account. Overload may be banked up to one semester FTE load. When the overload banked percentage reaches 90%, the faculty member shall be allowed to bank in any increment.

- 15.4.7.4 Any faculty member with an underload on the books related to regular contract loading may not bank overload assignments until the underload is made up. If there is additional overload after the underload is made up, it may be banked in one hour

increments as described in 15.4.7.3.

15.5 NON-INSTRUCTIONAL ASSIGNMENT AS OVERLOAD

Non-Instructional positions will be specifically defined and will not include “duties as assigned.”

ARTICLE 16

TRANSFERS

16.1 PURPOSE OF TRANSFERS

Voluntary transfers provide opportunities for faculty to: renew themselves in a different environment; understand more fully different approaches to delivering student instruction and service; and foster a spirit of cooperative effort and interchange between our District colleges. Transfers also provide the District with an opportunity to benefit from improved morale and cooperative approaches to planning and problem solving at low or no cost.

16.2 DEFINITION OF TRANSFER

For purposes of this Article, a transfer is any relocation of a unit member from one work assignment to another assignment within the same college or from one college to another. Transfers may occur for partial or full loading of a unit member. Three types of transfers exist:

- a. Self-initiated (voluntary)
- b. Exchange (voluntary)
- c. Management-initiated (involuntary)

16.2.1 Tenured faculty transferring to another discipline will retain tenure. The Dean, at his or her discretion, has the right to require an evaluation during that first year and establish an Evaluation Committee (EC) in accordance with the process as described in Article 22.

16.3 TRANSFER RESPONSIBILITY

Authority for making voluntary and involuntary transfers is vested with the college Presidents. Seniority of unit members shall be given special consideration.

16.4 SELF-INITIATED (VOLUNTARY) TRANSFERS

Self-initiated transfers may occur in two ways:

16.4.1 A tenured faculty member may request a voluntary transfer to the other college for partial or full work load by filing an appropriate written request with the President of the college to which the unit member wishes to be transferred with a copy of the request to the President of the campus to which the unit member is assigned. If a vacancy occurs on the campus to which transfer is requested during the academic year in which the request was submitted, or for the subsequent fall semester following the request, the unit member shall be considered for the vacancy before any new applicants for the position are sought.

Tenure-track contract faculty in their 4th contract year of service have the right to request and be considered for a voluntary transfer for the following year. Tenure-track contract faculty tentatively selected for transfer will be provided a tentative offer subject to tenure approval by the Board of Trustees. If tenure is not approved, the tentative offer will be rescinded.

16.4.2 Prior to the public announcement of any full-time faculty openings, the District shall

electronically notify full-time faculty and the AFT 6157 10 working days before the position opening is advertised to the public.

16.4.2.1 A tenured faculty member may request transfer to a vacant position by submitting a request with a brief letter of interest to the president where the position is located.

16.4.2.2 If a vacancy occurs outside of the academic calendar days, notification of the opening shall be posted electronically to full-time faculty and the AFT 6157 for 15 working days.

16.4.2.3 Transfer request(s) shall be submitted to the appropriate college president. A transfer requires the approval from the President. The president shall meet with the faculty member requesting a transfer. The president may request additional documentation.

Current faculty members who meet the minimum qualifications for the particular assignment shall be assessed on the basis of the job announcement. Desirable or preferred qualifications shall also be considered but shall not be used for the purposes of discouraging qualified applicants.

16.4.2.4 If the unit member is not selected for the requested transfer position, the basis for non-acceptance shall be explained in writing to the faculty member.

16.5 EXCHANGE TRANSFER (VOLUNTARY)

16.5.1 An exchange transfer is a mutual agreement on the part of two full-time faculty members to exchange positions for a specified period of time which shall be no less than the equivalent of one semester. Exchange transfers may be for partial or full loading, and if for partial loading, there shall not be any compensation under provisions related to mileage (Article 4). Faculty who initiate an exchange transfer must each set forth, in writing, the reasons for their request and the benefits which are expected to accrue from it.

The request shall be presented to each faculty member's Dean at least eight (8) weeks prior to the effective date of the requested transfer. Faculty requesting exchange transfers must meet the approved minimum qualifications for the desired positions.

16.5.2 The Dean or appropriate administrators shall immediately inform other faculty members of the disciplines(s) in writing, about the request for exchange. Unless the request for transfer is contested by discipline faculty or administrator for valid reasons, both administrators shall forward their recommendation for approval to the college Presidents.

16.5.3 In cases where the transfer is contested, the Dean shall convene an Exchange Transfer Committee consisting of:

16.5.3.1 Two (2) full-time discipline faculty, whenever possible, from each of the two campuses

16.5.3.2 One (1) member of the Diversity Advisory committee from the campus not contesting the transfer.

16.5.4 Administrators and faculty who choose to serve on an “Exchange Transfer Committee” shall be well versed on aspects of fairness and equal opportunity prior to deliberating on the request for transfer. All deliberations shall focus on existing approved minimum qualifications for the positions. The committee shall attempt to reach consensus on its recommendation and shall submit it, in writing, to the Presidents of the colleges with copies to the exchange candidates. When denial of the request is recommended, specific references shall be made to criteria for the assignment which were not met.

16.6 NON-CONCURRENT COMPENSATION FOR VOLUNTARY TRANSFERS

A voluntary transfer assignment for partial load shall not include compensation under the provisions related to mileage, Section 4.8.

16.7 MANAGEMENT-INITIATED TRANSFERS

Involuntary transfer shall not be affected for disciplinary reasons nor shall they be affected arbitrarily or capriciously. Management-initiated transfers may occur as follows:

16.7.1 Reduction-in-force

When a transfer is necessary to avoid a layoff under reduction in force, it shall be affected in accordance with the provisions of the Education Code.

16.7.2 Reduction in Program

When a program is reduced at one college and vacancies in the program exist at the other college, the District shall transfer qualified personnel to the vacant position(s).

16.7.3 “Best Interest” of the District

Management-initiated transfers for any other reason deemed in the best interest of the District shall be made in consultation with the AFT 6157 President.

16.7.4 Qualified Volunteers

Prior to initiating an involuntary transfer, the District shall seek out qualified volunteers who shall be transferred according to highest seniority. If no qualified volunteers are found, the transferee shall be the qualified person with the least seniority. This section shall be subject to Section 16.7.3.

16.7.5 Written Notification

The District shall provide written notification of all management-initiated transfers to the AFT 6157 at the time of notification to the unit member. Normally, notice of the transfer and the reasons for it shall be given to the unit member, in writing, thirty (30) days prior to the effective date of transfer.

16.7.6 Right of Claim to Return to Campus of Origin

- 16.7.6.1 If a unit member has been involuntarily transferred to the other college, that member shall have first right of claim on any position opening for which the faculty member is qualified at the college from which the member was transferred. If the offer of transferring back to the original campus is made, and the faculty member refuses the transfer, the opportunity for first right of claim is lost for future openings.
- 16.7.6.2 Any recipient of a management-initiated transfer remains eligible for voluntary transfer; self-initiated or exchange, back to the campus of origin.

16.8 DISTRICT PROGRAMS

A “District Program” is one where instruction is presented at both colleges but is managed by one college. They are established with the consensus of the faculty and administration of both colleges. Examples of current District programs include Administration of Justice, Drafting, Electronics and Music.

16.9 COMPLETION OF FULL LOAD

Faculty assigned to more than one District location in order to complete a full annual load shall not be considered to be transferred under the provisions of this article.

- 18.2.3 Effective May 22, 2009, all faculty members who apply for the Early Retirement Program from STRS, shall be eligible to participate in this program for no more than ten (10) years. PERS members shall be eligible to participate in this program for no more than ten (10) years but not beyond the end of the school year during which the faculty reaches age 70. Once participation in the Early Retirement Program is completed, the faculty member shall retire. The faculty member may elect to retire fully prior to the completion of anticipated participation in this program. The effective date of retirement must occur at the completion of an academic assignment.
- 18.2.3.1 During the first year of the reduction in work load in the early retirement program, the faculty member may submit a written request to return to full-time employment at the beginning of the next academic year. Such a request shall be granted if it is received by the District on or before April 1st of the academic year in which it is submitted.

- 18.2.10 During the first year of a faculty member's participation in this program, said faculty member shall be deemed to be on a leave for that portion of the workload that has been reduced. If the faculty member wishes to be re-instated to a full-time position, the faculty member must notify the District in writing of the intent to return no later than April 1 of the year of participation in this program. When a faculty member notifies the District of intent to be reinstated, the District shall do so.
- 18.2.11 Early retirees will have the option of making up days of non-paid absence per year based upon their percentage of load (one day for each 10% of load) by performing additional duties approved by the college.
- 18.2.12 A faculty member whose contract has been reduced under this article shall fulfill the appropriate pro-rata share of other faculty duties that would have been required had the faculty member continued as a full-time faculty member.
- 18.2.13 Faculty in a STRS/PERS Reduced Workload Program may teach an extra/overload assignment above the agreed upon load. For assignments within a faculty member's own discipline, or for governance work, the extra/ overload assignment must be mutually agreed to prior to:

* December 1st for spring semester

Any other extra/overload assignments must be mutually agreed to no later than May 1. The extra/overload assignment is considered an “other assignment” under STRS regulations and reported as such by the District as not to have any impact on the reduced workload assignment, when the assignment is within the faculty member’s discipline or is an approved non-instructional assignment.

Faculty members teaching an extra/ overload assignment in another discipline will have that extra/overload assignment paid at the overload rate and not the faculty member’s current full-time pay rate. Such overload may be banked under the terms of Article 15 (Overload).

Although the “other assignment” as noted above is not part of the reduced workload, the faculty member will be paid as if on regular full time status at their full time rate until they reach their regular full time 1.0 workload during the semester. Classes taught or load carried above the cumulative, regular full time 1.0 load of a full academic year will be considered an overload assignment and paid in accordance with the appropriate overload salary schedule.

EVALUATION OF TENURE-TRACK CONTRACT FACULTY

20.1 INTRODUCTION

This article describes the four-year tenure review evaluation process to be used for tenure-track contract faculty (both instructional and non-instructional). The purpose of the tenure-track contract faculty review period is to give faculty members an opportunity to demonstrate that they meet the performance criteria in this article. During this period, a review of the tenure-track contract faculty member's performance is conducted and a recommendation on contract renewal, or whether to grant tenure is made to the Board of Trustees. The process is described in this article is intended to be fair and objective and to foster success for faculty in the tenure review process.

The primary goals of the evaluation process are to communicate with the tenure-track contract faculty member about the member's performance, to document and measure performance, and to set professional goals. The process should promote professionalism and yield a substantive assessment of performance and to assist the faculty member in learning the faculty role.

To achieve this goal, it is necessary to identify standard performance and indicate areas where improvement is desirable; to identify performance that requires improvement; and to identify performance so unsatisfactory that non-renewal should be recommended. The evaluation process should also recognize exceptional performance.

The evaluation process shall consist of:

- A Tenure Review Committee (TRC) in which input by faculty shall play a central role
- A pre-evaluation conference
- A Growth and Development plan
- Observations of performance
- Student surveys
- Progress review conference(s)
- Improvement Plan, when applicable
- Summary Evaluation Report and recommendation prepared by the TRC
- Post evaluation conference
- Self-evaluation

The tenure review process shall be explained at the pre-conference meeting by the Dean.

20.2 COMPOSITION OF THE TENURE REVIEW COMMITTEE (TRC) FOR TENURE-TRACK CONTRACT FACULTY

20.2.1 Composition of the Committee

The Tenure Review Committee (TRC) shall be constituted as follows: the immediate administrator/designee of the tenure-track contract faculty member and two tenured faculty whose most recent Summary Evaluation Report rating was proficient or distinguished

performance.

20.2.2 Selection of Committee Members

At the beginning of the tenure-track contract faculty member's first semester, one faculty member shall be selected from the appropriate subject area, discipline or program by the immediate administrator/designee. The tenure-track contract faculty member shall select the second faculty member, no later than the end of the sixth week of the first semester of employment. Both tenured faculty members must be approved by the Academic Senate. If the tenure-track contract faculty member does not select a faculty member, a TRC member will be appointed by the Senate Executive Committee. However, the evaluation process shall proceed without modification of the contractual timelines with this senate-appointed member joining the process as soon as practicable. The TRC faculty member shall not be evaluated by the evaluatee during the TRC faculty member's next appraisal cycle.

20.2.3 Length of Service for Committee Members

All members of the TRC shall serve until a recommendation for or against tenure is made. If a member of the TRC must resign from the committee, including leave of absence, resignation or retirement, the TRC member shall notify the TRC chair and the tenure-track contract faculty member in writing. Selection of replacements shall follow the same procedures specified in paragraph 20.2.2 of this section. An Administrator taking another administrative position within the District shall complete all evaluations for tenure-track contract faculty who are currently in the process of third and fourth year evaluations unless otherwise agreed to by both the AFT 6157 and the District. For faculty in their first or second year, the original administrator shall serve only until a new non-interim Administrator is appointed unless otherwise agreed to by both the AFT 6157 and the District.

20.2.4 Training of Committee Members

The District and AFT shall jointly develop a web-based training session for TRC Members which explains their responsibilities and the tenure review process. The Training shall be completed by all TRC members who have not received this or comparable training within the last three years.

20.3 **FACULTY MENTORS**

During the first year of employment with the District, a tenured faculty member from the discipline (if possible) or from the division shall be appointed by the immediate administrator as a mentor to the new tenure-track contract faculty member. The mentor will be compensated with a 10% release time for the academic year.

The mentor shall be available for assistance, discussions and support related to successful performance of the new tenure-track contract faculty member's assignment. When selecting a mentor, the administrator shall consider qualified candidates' principles of fairness, diversity, and a desire to commit time and effort to the new tenure-track contract faculty member.

Upon mutual agreement by the new tenure-track contract faculty member and the immediate supervisor, the mentor may be removed from his or her role. A new mentor may be assigned for the

remainder of the year using the above process.

20.8.3 Student Surveys

- 20.8.3.1 Although the central focus of the evaluation process shall be the TRC input, information from student surveys may provide a worthy basis for discussion during the evaluation conferences. During the tenure-track contract faculty member's first, third, fifth and seventh semesters, student surveys shall be completed for each of the tenure-track contract faculty member's course sections.

During alternate semesters (second, fourth and sixth), at least one course section must be surveyed by the students. Student surveys shall be administered between the Pre-evaluation and the Progress Review Conferences.

- 20.8.3.2 English as a Second Language (ESL) instructors, when being surveyed by students in their ESL courses, may choose to use either the standard Student survey form or the English as a Second Language Student survey form. 20.8.4 TRC Observations

Each member of the TRC will make at least one classroom or site observation in each year of the tenure process. The TRC shall coordinate their observations so that each member observes different courses or different sessions of the same course. Observations shall be scheduled in advance with the consent of the tenure-track contract faculty member. Prior to the scheduled observation, the tenure-track contract instructional faculty member shall provide a course syllabus, and may provide other course material relevant to the observation.

If the class section observed is a Distance Education section, the TRC member will have access to, and will review instruction and faculty-student interaction through the course learning management system. The faculty being observed will give the observer access to the course for three (3) business days. If the evaluator is unable to make the necessary observation during the selected three (3) business days, due to reasons beyond their control (such as, but not limited to illness or injury), the faculty member will make reasonable accommodations to reschedule the observation for a different three (3) business day time period. The faculty member and the observer will determine together when the access starts. TRC access to the course shell shall be terminated upon completion of the evaluation. For hybrid classes, the faculty being observed will select either in-person or on-line evaluation.

If an instructor who teaches in a work experience or clinical setting is being observed, the TRC member and the evaluatee shall arrange for on or off-campus observation as appropriate.

Observations shall be completed prior to the Progress Review Conference. Committee members who are observing teaching and service performance shall recognize and support a diversity of effective styles and methods of instruction and service delivery.

20.8.5 Summary Evaluation Report

The TRC Chair shall draft the Summary Evaluation Report, which shall include a separate rating for each of the 3 evaluation criteria (i.e. professional, collegial & organizational responsibilities). It shall be based on classroom/site observations, administrator evaluation, student surveys, the job description, the tenure-track contract faculty member's Growth and

Development Plan and self-evaluation, and any additional information gathered pursuant to Article 20.5.2.10.

- 20.8.5.1 The report shall then be finalized and signed by the TRC and the tenure-track contract faculty member. In the event that a member of the TRC refuses to sign the report, such refusal shall be noted and the report shall proceed forward.
- 20.8.5.2 Where appropriate, the TRC shall make specific recommendations to remedy any problems identified. The tenure-track contract faculty member's Growth and Development Plan shall then be revised to include these recommendations.
- 20.8.5.3 The Summary Evaluation Report shall make one of the four recommendations, listed below, for each of the three evaluation criteria (i.e. professional criteria, collegial criteria, and organizational responsibility criteria):

- 1. Distinguished performance - exceeds the requirements of the assignment. The evaluation shall include notations of exceptional performance.

If the recommendation is Distinguished Performance in all three criteria areas, the evaluatee will be recommended for an additional contract as follows:

- a. This rating in the first year evaluation results in a recommendation for second, a one-year contract.
- b. This rating in the second year evaluation results in a recommendation for third, two-year contract.
- c. This rating in the fourth year evaluation results in a recommendation for tenure.

- 2. Proficient performance - meets the requirements of the assignment. The evaluation may include notations of exceptional performance.

If the recommendation is Proficient Performance or above, in all three criteria areas, the evaluatee will be recommended for an additional contract as follows:

- a. This rating in the first year evaluation results in a recommendation for a second, one-year contract.
- b. This rating in the second year evaluation results in a recommendation for a third, two-year contract.
- c. This rating in the fourth year evaluation results in a recommendation for tenure.

- 3. Needs improvement – does not fully meet the requirements of the assignment.

If the recommendation is “Needs Improvement” in any of the three criteria areas, with no area rated below “Needs Improvement”, the recommendation regarding an additional contract shall be as follows:

- a. A “Needs Improvement” rating in any criteria area in the first year evaluation will result in a recommendation for a second, one-year contract, and the evaluatee will be provided with an improvement plan designed to address the area(s) requiring improvement.
 - b. A “Needs Improvement” rating in any criteria area in the second year evaluation will result in a recommendation for a third, two-year contract, and the evaluatee will be provided with an improvement plan designed to address the area(s) requiring improvement.
 - c. A “Needs Improvement” rating in any criteria area in the fourth year evaluation will result in a recommendation to deny tenure due to the statutory requirement that notice must be given no later than March 15 of the Board’s decision whether to grant tenure. However, the member shall nonetheless be provided with an improvement plan designed to address the area(s) requiring improvement and a further Summary Recommendation Report provided to the College President no later than May 1. If the Report indicates substantial and sustained improvement and a rating of proficient or above in all criteria areas, the College President may request that the Board rescind the notice of non-renewal and grant tenure.
4. Does not meet the requirements of assignment – This rating indicates that the TRC does not reasonably expect the evaluatee to improve. The evaluation shall include specific areas of unsatisfactory performance. If this recommendation is made in any of the three evaluation criteria areas, in evaluation years one, two, or four, the recommendation shall be not to renew and to deny tenure.

20.8.5.4 A “needs improvement” or “does not meet requirements of assignment” recommendation of a tenure-track contract faculty member shall not be based exclusively on student surveys.

20.8.6 Optional Written Response to the Summary Evaluation Report

The tenure-track contract faculty member shall be provided the opportunity to include a written response to the Summary Evaluation Report. The time period for a written response shall be two (2) calendar weeks. The written response shall be considered part of the final portfolio.

20.8.7 Self-evaluation

The tenure-track contract faculty member shall provide a self-evaluation to the TRC no less than two weeks prior to the Post Evaluation Conference where it is going to be discussed. The self-evaluation shall address Professional Criteria (20.6.1), Collegial Criteria (20.6.2) and Organizational Criteria (20.6.3) as relevant to the member’s

assignment(s). The faculty's self-evaluation will also discuss equity practices as a reflection on how they can work to enhance student learning and performance for historically underrepresented groups and disproportionately impacted populations that reflect Diversity, Equity, Inclusion, Accessibility and Anti-Racism/Anti-Bias (DEIAA) principles. If any State Chancellor's Office DEIA requirements change or there are legal changes to this requirement, the parties will meet to renegotiate this requirement.

Consistent with the primary goal of evaluation, the self-evaluation is an integral part of the process as it provides the individual faculty member an opportunity for introspection, reflection and planning. It points out areas of significant competence, expertise, effort and contribution made by the evaluatee. It also self-identifies areas for growth and addresses specific recommendations, if any, made during the member's last evaluation cycle. In years 2, 3 and 4, the self-evaluation shall include the member's reflection on the student surveys from the prior year, and discuss how they have informed the member's teaching or service to students.

The self-evaluation document must not be used as evidence to support a less than satisfactory rating.

20.8.8 Portfolio Components and Assembly

20.8.8.1 The portfolio shall include the following, all of which shall be considered in the review by the President:

- Job Description
- Growth and Development Plan
- Faculty Observations
- Administrator's Evaluation of Faculty
- Student Survey Summary
- Self-evaluation
- Sample of course syllabi (green sheets)
- Contents Page for Tenure-track contract Faculty Evaluation
- Summary Evaluation Report
- Optional Written Response to the Summary Evaluation Report (See 20.8.6)
- Improvement Plan if applicable

20.8.8.2 A copy of the entire portfolio shall be provided to the tenure-track contract faculty member and the President and the original shall be placed in the tenure-track contract faculty member's official personnel file. Only documented and verified material that has been discussed during the conferences by the TRC may be included in the faculty member's portfolio. Complaints received pursuant to the Community Complaints article, which are placed in the faculty member's file, shall be included in the next evaluation to the extent that they negatively influence the performance of the faculty member in carrying out the faculty member's regular duties. The complaint will only be considered in subsequent evaluations if additional similar complaints are filed.

20.9 SUBMISSION OF RECOMMENDATION FOR OR AGAINST CONTRACT RENEWAL/TENURE

20.9.1 Submission of Portfolio and Recommendation to College President

20.9.1.1 The TRC shall make its recommendation for or against contract renewal at the end of academic years one and two, and tenure at the end of the fourth academic year, to the President no later than the end of the Fall semester. With regard to recommendations regarding renewal at the end of years one and two, the TRC may also inform the President that it considers the evaluatee appropriate for early tenure and provide the basis for that determination. The President, at their discretion, may make such recommendation to the Chancellor. Disagreement with the TRC regarding a grant of early tenure does not require a meeting with the TRC.

20.9.1.2 If the TRC and President agree on the recommendation regarding renewal or tenure, the President must submit the recommendation to the Board of Trustees no later than the 1st board meeting in February.

20.9.1.3 If the recommendation of the President/designee differs from that of the TRC, the President shall meet with the TRC in the final week of January to discuss the areas of disagreement prior to forwarding a recommendation and any written response from the tenure-track contract faculty member.

20.9.1.4 If after meeting with the TRC, the President still does not concur with the recommendation of the TRC, the President shall meet with the tenure-track contract faculty member to discuss the President's recommendation.

In this case, the tenure-track contract faculty member will be provided the opportunity to include a written response with the evaluation portfolio and recommendation.

20.9.2 Submission of Portfolio and Recommendation to Chancellor

20.9.2.1 The President shall forward the recommendations, portfolio and responses to the Chancellor whenever the recommendation of the President is different from the TRC recommendation or whenever the recommendation is not to grant tenure.

20.9.2.2 The Chancellor must present the recommendations, portfolio and responses to the Board of Trustees along with the Chancellor's recommendation sufficiently in advance of the March 15 for the Board to take final action on the nonrenewal or denial of tenure recommendation.

assignment” status. The Vice Chancellor of Human Resources shall notify the appropriate AFT 6157 Grievance Officer. Upon request of the tenure-track contract faculty member or the District, the grievance officer or designee shall serve as an observer.

The TRC and supervising administrator will work with faculty who have been rated “does not meet the requirements of the assignment,” as appropriate, to ensure students are being served. However, this assistance does not affect the recommendation not to renew the member’s contract.

This Improvement Plan does not extend the tenure review period.

20.11.2.3 The TRC shall determine a time frame for ongoing evaluations of the areas identified as not meeting the requirements of the assignment. These evaluations shall be held in a timely manner to determine if the tenure-track contract faculty member has achieved the stated goals and objectives of the Improvement Plan.

20.11.2.4 Based on the plan for corrective action, evaluation methods may include, but need not be limited to the following:

1. Course Planning

The tenure-track contract faculty member may be required to prepare and submit to the TRC a plan for each course which addresses course content skills to be developed, teaching methods and rationale, and student evaluation (testing/grading) procedures.

2. Observations

Within two semesters, each member of the TRC must observe at least one section. If the tenure-track contract faculty member’s Faculty Service Area (FSA) is non-instructional, other appropriate observations shall be conducted.

3. Student Surveys

Additional instructional and/or non-instructional student evaluations may be conducted. Such student evaluations may include students who were enrolled but dropped or withdrew.

20.11.3 Progress Conference for “Needs Improvement” or “Does Not Meet the Requirements of Assignment” Status

Where appropriate, the EC shall make specific recommendations to remedy any problems identified. The faculty member's Growth and Development Plan shall then be revised to include these recommendations.

- 21.7.7.2 The Summary Evaluation Report shall include one of four recommendations:
 - 1. Distinguished performance – exceeds the requirements of the assignment. The evaluation shall include notations of exceptional performance.
 - 2. Proficient performance – meets the requirements of the assignment. The evaluation may include notations of proficient performance.

3. Needs improvement – Does not fully meet the requirement of assignment. The evaluation shall include specific areas to be improved. An Improvement Plan is required as per Section 21.8.

- Student Survey Summary
- Self-Evaluation
- Summary Evaluation Report for Grant-funded Non-Tenured Categorical Faculty
- Contents Page for Grant-Funded Non-Tenured Categorical Faculty Evaluation
- Optional written response to the Summary Evaluation Report
- If applicable, Improvement Plan

A copy of the portfolio shall be provided to the faculty and the President or designee and shall be placed in the faculty member’s official personnel file. Only documented and verified material that has been discussed during the conferences by the EC may be included in the faculty member’s portfolio. Complaints received pursuant to the Community Complaints article, which are placed in the faculty member’s file, shall be included in the next evaluation to the extent that they negatively influence the performance of the faculty member in carrying out his or her regular duties. The complaint will only be considered in subsequent evaluations if additional similar complaints are filed.

21.8 WORK IMPROVEMENT PLANS

When areas have been designated by the EC as needing improvement, the faculty member and the EC shall develop a written plan for improving performance.

21.8.1 The improvement plan shall be consistent with the criteria included in this article. The EC shall determine a time frame for ongoing evaluations of the area identified as not meeting the requirements of the assignment. These evaluations shall be held in a timely manner to determine if the faculty member has achieved the stated objectives of the Improvement Plan.

21.8.2 Based on the plan for corrective action, evaluation methods may include, but need not be limited to the following:

21.8.2.1 Course Planning

The faculty member may be required to prepare and submit to the EC a plan for each course which addresses course content skills to be developed, teaching methods and rationale, and student evaluation (testing/grading) procedures.

21.8.2.2 Observations

Within two semesters, each member of the EC must observe one section. The EC shall determine the maximum number of observations. If the faculty member's Faculty Service Area (FSA) is non-instructional, other appropriate observations shall be conducted.

21.8.2.3 Student Surveys

Student surveys may be conducted in the appropriate classes determined by the EC. Although the central focus of information in the evaluation process shall be faculty and administrative input from observations, the information from student surveys may provide a worthy basis for discussion during the post-evaluation conference. If the faculty member's FSA is non-instructional, other appropriate surveys will be conducted.

21.8.3 Progress Conference for "needs improvement" or "does not meet the requirements of assignment" status. The EC shall review the written Improvement Plan and other relevant information to ensure compliance with the plan. A Progress Conference of the EC and the faculty member shall be scheduled. At the end of the conference, the EC shall specify in writing the progress made to date by the faculty member and the continued performance necessary to correct noted deficiencies.

Upon final completion of the Improvement Plan, the faculty member shall submit a report to the EC outlining the steps taken to comply with the Improvement Plan. The EC shall develop a report stating whether the faculty member has met the objectives of the Improvement Plan or not. For plans that meet the requirements, the EC shall forward the reports through the same channels as Summary Evaluation Reports.

21.8.4 Outcomes of the Improvement Plan

At the conclusion of the Improvement Plan evaluation period there are three possible outcomes.

21.8.4.1 Meets the conditions of the Improvement Plan

Once this outcome is reached the evaluation portion of the process is completed.

21.8.4.2 More time required to meet the conditions of the Improvement Plan

This outcome means the evaluation period will continue on specific areas of concern identified by the EC.

21.8.4.3 Does not meet the requirements of the assignment

If, at the end of one year of “does not meet the requirements of the assignment” status, the faculty member’s performance demonstrates that insufficient progress has been made, the EC shall report to the college President and appropriate disciplinary action shall be taken.

21.9 GRIEVABILITY

While violations of these evaluation procedures may be subject to the grievance procedure, the substance of evaluations is not grievable.

22.7.3 Growth and Development Plan

Tenured faculty will design a Growth and Development Plan (Appendix P), which includes the following:

- 22.7.3.1 A description of how the faculty member plans to demonstrate growth and development in performing instructional responsibilities.
- 22.7.3.2 A description of how the faculty member plans to maintain/strengthen/build student-faculty relationships that are conducive to learning.
- 22.7.3.3 A description of how the faculty member plans to participate in professional responsibilities as identified in Article 12.5.

- 22.7.3.5 A plan for future activities based on the individual faculty member's perspective on growth and development. Examples of these activities may include: conferences, committee work, development of teaching strategies, professional accomplishments (awards, grants, publications, research projects, etc)

It is expected that the post evaluation conference should include an updated Growth and Development Plan and be considered for future evaluation purposes.

22.7.4 Observations

- 22.7.4.1 Each member of the EC will make one classroom or site observation during their evaluation period. The EC shall coordinate their observations so that each member observes different courses or different sessions of the same course.
- 22.7.4.2 Observations shall be scheduled in advance with the consent of the tenured faculty member. Observations shall be completed prior to the Progress Review Conference. Committee members who are observing teaching and service performance shall recognize and support a diversity of effective styles and methods of instruction and service delivery.
- 22.7.4.3 If the class section observed is a Distance Education section, the observer will have access to, and will review instruction and faculty-student interaction through the course learning management system. The faculty being observed will give the observer access to the course for three (3) business days. If the evaluator is unable to make the necessary observation during the selected three (3) business days, due to reasons beyond their control (such as, but not limited to illness or injury), the faculty member will make reasonable accommodations to reschedule the observation for a different three (3) business day time period. The faculty and the observer will determine together when the access starts.
For hybrid classes, the faculty being observed will select either in-person or online evaluation.

If an instructor who teaches in a work experience or clinical setting is being

observed, the EC member and the evaluate shall arrange for on or off-campus observation as appropriate.

22.7.5 Student Surveys

Although the central focus of the evaluation process shall be the EC input, information from student surveys may provide a worthy basis for discussion during the evaluation conference.

22.7.5.1 Student surveys shall be administered in at least one class or service area each semester. For instructional faculty, the course being surveyed shall be different each semester until each of the courses taught by the faculty member has been surveyed by students.

22.7.5.2 English as a Second Language (ESL) instructors, when being surveyed by students in their ESL courses, may choose to be surveyed using either the standard Student Survey form or the English as a Second Language Student Survey form. It is highly recommended that ESL instructors use the English as a Second Language Student survey form when being surveyed in classes that are three levels or more below English 1A.

22.7.5.3 For non-instructional faculty, approximately twenty (20) student surveys shall be collected by the administrator or designee.

22.7.5.4 Student survey forms shall be distributed near the middle of the course or semester by an administrator, peer faculty member or a designee, completed in the absence of the faculty member, and collected by the administrator, faculty member or designee.

22.7.5.5 Both the computer scored and written portions of the Student Survey Forms shall be given to the appropriate administrator for tabulation and transcription. A copy of the results shall be given to the EC Chair for discussion with the faculty member during the Progress Review Conference.

22.7.5.6 The tabulated results from the Student Survey Forms and the transcription of the written comments shall be included in the faculty member's portfolio. The original written comments of the Student Survey Form shall be retained by the administrator and a copy shall be returned to the faculty member after final grades are posted, if requested

22.7.6 Summary Evaluation Report

A Summary Evaluation Report shall be written by the EC at the conclusion of the Post Evaluation Conference. The EC shall draft a report based on classroom/site observations, administration and student surveys, and the faculty member's Growth and Development Plan. Where appropriate, the EC shall make specific recommendations to remedy any problems identified. The tenured faculty member's Growth and Development Plan shall then be revised to include these recommendations.

- 22.7.6.1 The tenured faculty member shall be provided the opportunity to include a written response. The written response shall be considered part of the final evaluation report.
- 22.7.6.2 The Summary Evaluation Report shall include one of four recommendations:
1. Distinguished performance – exceeds the requirements of the assignment. The evaluation shall include notations of exceptional performance.
 2. Proficient performance – meets the requirements of the assignment. The evaluation may include notations of proficient performance.
 3. Needs improvement – Does not fully meet the requirements of the assignment. The evaluation shall include specific areas to be improved. An Improvement Plan is required as per Section 22.8.
 4. Does not meet the requirement of assignment – The evaluation shall include specific areas of unsatisfactory performance. If this recommendation is made, an Improvement Plan is required as per Section 22.8.
- 22.7.6.3 A “needs improvement” recommendation or “does not meet requirements of assignment” rating of a faculty member shall not be based exclusively on student evaluations.
- 22.7.6.4 Finding of “Does not meet requirements of assignment.”
1. As soon as the “does not meet the requirements of the assignment” status is assigned, the President shall notify the Vice Chancellor of Human Resources that the faculty member has been placed on a “does not meet the requirements of the assignment” status.
 2. The Vice Chancellor of Human Resources shall notify the appropriate AFT 6157 Grievance Officer. Upon request of the faculty member or the District, the grievance officer or designee shall serve as an observer.

22.7.7 Self-evaluation

The tenured faculty member shall provide a self-evaluation that addresses instructional/non-instructional experience, student success, curriculum development, and other related topics.

All faculty members are required to complete a self-evaluation. The self-evaluation shall be included as part of the evaluation portfolio. The self-evaluation shall address Professional Criteria (22.6.1), Collegial Criteria (22.6.2), and Organizational Criteria (22.6.3).

The self-evaluation will also contain an equity reflection component. The faculty’s self-evaluation will discuss equity practices as a reflection on how they can work to enhance student learning and performance for historically underrepresented groups and disproportionately impacted populations that reflect Diversity, Equity, Inclusion accessibility and Anti-Racism/Anti-Bias (DEIAA) principles. This self-evaluation may also include notable accomplishments and/or professional growth and development.

The self-evaluation document must not be used as evidence to support a less than satisfactory

rating.

If any State chancellor's Office DEIA requirements change or there are legal changes to this requirement, the parties will meet to renegotiate this requirement.

22.7.8 Final Report

The report shall then be finalized and signed by the EC and the faculty member.

22.7.9 Portfolio

The EC chair shall assemble a portfolio that contains the following:

- Growth and Development Plan
- Observations Forms
- Student Survey Summary
- Self-Evaluation
- Summary Evaluation Report for Tenured Faculty.
- Contents Page for Tenured Faculty Evaluation
- Optional written response to the Summary Evaluation Report
- If applicable, Improvement Plan

A copy of the portfolio shall be provided to the tenured faculty and the President or designee and shall be placed in the faculty member's official personnel file. Only documented and verified material that has been discussed during the conferences by the EC may be included in the faculty member's portfolio. Complaints received pursuant to the Community Complaints article, which are placed in the faculty member's file, shall be included in the next evaluation to the extent that they negatively influence the performance of the faculty member in carrying out his or her regular duties. The complaint will only be considered in subsequent evaluations if additional similar complaints are filed.

22.8 WORK IMPROVEMENT PLANS

When areas have been designated by the EC as needing improvement, the tenured faculty member and the EC shall develop a written plan for improving performance.

22.8.1 The improvement plan shall be consistent with the criteria included in this article. The EC shall determine a time frame for ongoing evaluations of the area identified as not meeting the requirements of the assignment. These evaluations shall be held in a timely manner to determine if the faculty member has achieved the stated objectives of the Improvement Plan.

22.8.2 Based on the plan for corrective action, evaluation methods may include, but need not be limited to the following:

22.8.2.1 Course Planning

The tenured faculty member may be required to prepare and submit to the EC a plan for each course which addresses course content skills to be developed, teaching methods and rationale, and student evaluation (testing/grading) procedures.

22.8.2.2 Observations

Within two semesters, each member of the EC must observe one section. The EC shall determine the maximum number of observations. If the faculty member's Faculty Service Area (FSA) is non-instructional, other appropriate observations shall be conducted.

22.8.2.3 Student Surveys

Student surveys may be conducted in the appropriate classes determined by the EC. Although the central focus of information in the evaluation process shall be faculty and administrative input from observations, the information from student surveys may provide a worthy basis for discussion during the post-evaluation conference. If the tenured faculty member's FSA is non-instructional, other appropriate evaluations will be conducted.

- 22.8.3 Progress Conference for "needs improvement" or "Does not meet the requirements of assignment" status. The EC shall review the written Improvement Plan and other relevant information to ensure compliance with the plan. A Progress Conference of the EC and the faculty member shall be scheduled. At the end of the conference, the EC shall specify in writing the progress made to date by the faculty member and the continued performance necessary to correct noted deficiencies.

Upon final completion of the Improvement Plan, the faculty member shall submit a report to the EC outlining the steps taken to comply with the Improvement Plan. The EC shall develop a report stating whether the tenured faculty member has met the objectives of the Improvement Plan or not. For plans that meet the requirements, the EC shall forward the reports through the same channels as Summary Evaluation Reports.

22.8.4 Outcomes of the Improvement Plan

At the conclusion of the Improvement Plan evaluation period there are three possible outcomes.

22.8.4.1 Meets the conditions of the Improvement Plan

Once this outcome is reached the evaluation portion of the process is completed.

22.8.4.2 More time required to meet the conditions of the Improvement Plan

This outcome means the evaluation period will continue on specific areas of concern identified by the EC.

22.8.4.3 Does not meet the requirements of the assignment

If, at the end of one year of "does not meet the requirements of the assignment" status, the tenured faculty member's performance demonstrates that insufficient progress has been made, the EC shall report to the college President and appropriate disciplinary action shall be taken.

22.9 GRIEVABILITY

While violations of these evaluation procedures may be subject to the grievance procedures, the substance of evaluations is not grievable.

Reassignment of unit members prior to the implementation of a RIF shall occur, in harmony with this article and Article 16, and the Educational Code. The District shall provide the AFT 6157 with a list of all resignations and retirements that have been submitted in writing to the Chancellor by March 15.

No tenured faculty member shall be laid off during a RIF while any probationary/contract faculty member, or any other faculty member with less seniority is retained to render service in a faculty service area in which the records of the District (maintained pursuant to Section 87743.3) reflect that the tenured faculty member possesses the minimum qualifications and is competent to serve under District competency criteria described in Section 24.6 of this article.

27.3 VOLUNTARY TEMPORARY CONTRACT REDUCTIONS

In order to avoid layoffs, the Board may offer temporary reductions in contracts to faculty who are willing to agree to such reductions for a period of one (1) year. If additional temporary reductions are required, the Board may offer similar reductions to other faculty who are willing to agree to such reductions and/or to individuals who may continue to voluntarily agree to temporary reduction for purposes of avoiding layoffs. The temporary reduction in contract process shall not mitigate against seniority considerations. If a faculty member who has been given a layoff notice is assigned to fill the voluntary contract reduction of other faculty member(s) then:

27.3.1 The load of the RIF faculty member shall not normally exceed the maximum load of a faculty member who has volunteered a contract reduction to the RIF faculty member in order to prevent the RIF faculty member's layoff. The RIF faculty member's load may exceed load(s) of members who have contributed load if the contributing member(s) agree(s) in writing, and;

27.3.2 The RIF notice remains in effect except that the laid off person is being employed, on a temporary basis, to fill the voluntarily reduced load of the other faculty member(s), and;

27.3.3 The RIF faculty member remains subject to termination of employment in accordance with the original March 15 notice provided conditions of reduction in force continue.

27.4 ORDER OF LAYOFFS

Layoffs of faculty members as a result of a RIF shall occur as prescribed in the Education Code. In the event of RIF proceedings, the Board shall reassign affected faculty members to Faculty Service Area(s) for which they possess the minimum qualifications adopted by the State Board of Governors as prescribed in Title 5 and meet the District competency criteria as set forth in 24.6 below and in accordance with individual's seniority as a faculty member within this district as prescribed by Education Code and Title 5. Minimum qualifications/equivalencies shall be approved by a District-wide Senate Equivalency Committee and the Board of Trustees.

27.5 FACULTY SERVICE AREAS

Faculty Service Areas (FSA's) have been established District-wide. Each FSA is listed in Section 27.13.

27.5.1 Initial Assignment to FSA's

Based upon personnel records, the District shall publish a list of all faculty with the FSA's in which they are currently qualified to render service. The AFT 6157 shall be provided with a list of assignments of faculty FSA's no later than the fourth (4th) Friday of the fall semester each year.

Faculty shall be assigned to all FSA's for which they qualify at the time of employment.

27.5.2 Subsequent Assignment to FSA's

After initial employment, any faculty member who becomes eligible for additional FSA's shall declare and provide proof of such eligibility on or before February 15, in writing, to the Human Resources office. It shall be the responsibility of each faculty member to declare eligibility in a complete and timely manner. It shall be the responsibility of the District to advise a faculty member in a timely manner when further clarification is needed. Faculty members shall be allowed a reasonable and mutually agreed upon time for additional or updated documentation to establish eligibility.

27.6 COMPETENCY CRITERIA FOR RIF ASSIGNMENTS

For purposes of RIF only, a faculty member shall be considered to meet District competency criteria to serve in an FSA if that member meets at least one of the criteria listed in 27.6.1 through 27.6.5.

For purposes of this article, an administrator reassigned to the faculty shall have his/her minimum qualifications and initial competency determined by the Board. Additional competency, if any, shall,

for layoff purposes, be in accordance with this article.

27.6.1 Has had, within this District, satisfactory experience or has been evaluated as “Distinguished performance” or “Proficient performance” in the discipline or non-instructional assignment for the equivalent of at least a 40% load within two or more semesters within the seven (7) years prior to the date RIF proceedings begin.

OR

27.6.2 Has been employed full-time for the equivalent of at least one (1) academic year within the seven (7) years prior to the date RIF proceedings begin, rendering service which, if it had been rendered in the District, would have been in the applicable FSA.

OR

27.6.3 Has completed the requirement for minimum qualifications for the discipline within the seven (7) years prior to the date RIF proceedings begin.

OR

27.6.4 Has completed the requirements for minimum qualifications in a discipline more than seven (7) years prior to the date RIF proceedings begin and has successfully completed (with grade of “C” or better) six (6) semester units or nine (9) CEUs or a combination thereof of upper-division or graduate-level coursework directly related to the discipline within the three (3) years prior to the date RIF proceedings begin.

OR

27.6.5 For disciplines not requiring a master’s degree: has had two (2) years of full-time paid work experience directly related to the discipline within the seven (7) years prior to the date RIF proceedings begin.

27.7 DETERMINATION OF DISPUTED COMPETENCY CRITERIA

In cases where the competency criteria, as applied to an individual, is in dispute during a year in which layoffs take place, a District competency review committee shall be established for purposes of review and recommendation. This committee shall be convened whenever an individual’s competency criteria is disputed by the District and a request for review is made by Human Resources and/or by the faculty whose request for an FSA has been denied.

27.7.1 Review Committee Composition

The standing District Review Committee shall be composed of:
Three (3) AFT 6157 members appointed by the Executive Board of the AFT 6157; and
Three (3) administrators, who shall be appointed by the Chancellor.

27.7.2 Ad Hoc Discipline Representatives

An ad hoc representative shall be appointed by each senate to act as a resource to the competency review committee. In so far as possible, these representatives shall be selected from tenured faculty from the discipline in which competency is disputed or, if not available, from a discipline related as closely as possible to it. Ad hoc representatives shall review competency criteria specific to the discipline where the dispute arises. They shall serve in an advisory capacity to the Review Committee and shall not have voting rights.

27.7.3 Review Committee Procedure

This Review Committee shall strive to reach consensus and shall forward its recommendation to the Chancellor. Where consensus cannot be reached, the committee shall include majority and dissenting opinions in its report to the Chancellor. The committee must complete its review and recommendation(s) no later than March 1 of a year in which RIF actions are being considered. In cases when the committee fails to make a recommendation prior to March 15, the competency criteria dispute shall be resolved at the RIF hearing as provided by the Education Code and request by the RIFed faculty member(s). The District shall ensure that the Review Committee is formed and operating well in advance of the March 1 deadline.

27.8 GRIEVANCE AND/OR HEARING

27.8.1 Right to a Hearing

A regular or contract faculty member who qualified for a right of a hearing as prescribed in the Education Code and who has been notified that employment may be reduced or terminated because of a RIF may request a hearing as prescribed by the Education Code.

27.8.2 Grievance

Any dispute, directly related to 27.1, 27.1.1, 27.3, 27.5.1, 27.9, 27.10 and 27.11 of this article, which is not within the jurisdiction of the administrative law judge conducting the RIF hearing may be grieved under provisions of Article 3 of this collective bargaining agreement. A challenge to the balance of this article may be submitted to the jurisdiction of the administrative law judge who conducts the RIF hearing. The filing or processing of a grievance shall not prevent a layoff hearing from going forward pursuant to Education Code section 87740.

27.9 LIMITED PARTICIPATION IN FRINGE BENEFITS

Any full-time faculty member who has been laid off because of reduction in force shall be provided three (3) months of paid benefits following layoff and subsequently may continue to receive medical, dental, and vision care benefits in accordance with COBRA by reimbursing the District in advance for the full premium or its equivalent for those benefits.

27.10 ALLOCATION OF STAFF DEVELOPMENT FUNDS FOR RETRAINING

27.10.1 In a fiscal year in which layoffs of faculty members may be anticipated, the District shall negotiate with the AFT 6157 a specific percentage, not to exceed 25%, of staff development money to be set aside for purposes of retraining of RIFed faculty for assignment to a new service area. When a layoff occurs, the District and the AFT 6157 shall meet to determine a

process for allocation of these monies among applicants and the conditions under which they may be used.

- 27.10.2 Responsibility for reporting on the allocation of these monies shall rest with the colleges' Staff Development Committees. Any staff development monies which have been set aside, but are not used for retraining according to this provision during the period prior to the layoff or during the recall period following the layoff, shall be reapportioned by the Staff Development Committees for other staff development purposes. This provision does not preclude the allocation of money from other resources for this same purpose.

27.11 RETENTION OF BENEFITS FOR PARTIAL RIF

A faculty member who is RIFed for less than a full-time assignment shall retain full employee fringe benefits (pro rata for dependents) so long as the regular, paid assignment in the District is equal to 60% or more of a full-time load.

27.12 REHIRE PROVISIONS

The District shall follow Education Code requirements related to rehire provisions for those employees laid off by a RIF. The District shall provide, upon request, information known to the District regarding the possibility of position vacancies in areas that may be anticipated in the future.

27.13 FACULTY SERVICE AREAS AND STRS CALUCATION

In the event that the District or the AFT 6157 believes additional FSA's need to be added during the term of the contract, the District or the AFT 6157 shall contact the other party by letter with such request. The parties will provide a written response within 15 working days of receipt of the request. Additional agreed upon FSA's shall be added by Side letter of Agreement pending inclusion in the next contract.

If any provisions of this Agreement are held to be contrary to law by a court of competent jurisdiction, or as the result of new law adopted at the Federal or State level, such provisions will not be deemed valid and subsisting except to the extent permitted by law. All other provisions will continue in full force and effect.

30.2 IMPROVEMENTS IN BENEFITS

Improvements in benefits included in this Agreement which are brought about by the amendment or addition of statutory guarantees now provided in California or Federal law shall be incorporated into this Agreement provided such benefits are mandatorily applicable to the District.

If the Board contemplates any such change, the parties agree to reopen negotiations for the limited purpose of reaching an agreement regarding the proposed adoption, modification, or repeal.
- 34.3** The Board acknowledges that, with respect to the bargaining unit covered by this Agreement, the Board shall meet and negotiate on matters within the scope of representation only with the AFT 6157, as the AFT 6157 remains the exclusive representative of the bargaining unit.

VI. Preparing the Plan-

The written plan should address these specific requirements:

1. The overall purpose/goal must be clearly defined. All varied and enriching activities should be related to the overall goal. In this sense, the applicant will have developed a “plan” rather than a list of several activities which may/may not have an apparent relationship to an overall goal.
2. The activities addressed in the plan must be specifically described.
 - a. When describing academic coursework to be taken, specify dates, course titles and descriptions, institution(s), and number of quarter/semester units. If exact course is unknown when submitting the plan, the applicant should provide a list of possible courses.
 - b. When describing travel activities, specify what will be completed, time frame, place, etc. and describe the educational benefit and relevancy.
 - c. For workshops or conferences, specify the host organization(s), approximate dates, and type of sessions typically included in the program(s).
 - d. When work experience or a project is involved, clearly describe the nature of the project, expected amount of time required for completion, etc.
3. Finally, each plan should address how the overall goal and specific activities are directly and significantly related to the assignment and to the overall educational program in the District.
4. Applications should be submitted to the Human Resources Office (10.2.3).
5. Modifications: If the applicant wishes to make any changes, those changes must be submitted in writing to the PRC for approval. The plan change must be approved before applicant acts on the changed activities.

VI Verification of Completion of the Plan

After completing the activities in the approved plan:

- A. Submit a written report to the PRC through the Human Resources Department describing the completed activities. Provide summaries, verification of attendance and logs for workshops, work experience, projects as required.
- B. Send official transcript(s) of completed units taken directly to Human Resources.

All required verifying evidence of completion for movement down the salary schedule must be submitted to Human Resources. Verified information received by the 15th of any month within a regular annual payroll cycle for that faculty member shall be entitled movement on the pay schedule in the next monthly pay period, provided that the faculty member would have received a paycheck in that month. Verified information received after the 15th of the month or verified information received in a month which there is no regular pay period following, shall be paid in the next regular pay cycle.

SABBATICAL APPLICATION FORMAT

The Sabbatical application must contain an Abstract with four topic headings (explained in Part I) and a Sabbatical Plan with seven topic headings (explained in Part II).

Part I. Abstract: Sabbatical Abstracts are sent to the Board of Trustees for approval. Applicants must prepare a written, abstract addressing their overall plan for a sabbatical. The Abstract must be presented in a professional format, style, and content. The Abstract may not exceed two pages. Applicants should be clear, concise, and avoid generalities. Applicants should use the following list of topic headings in preparing the Abstract:

A. Need for Sabbatical Growth

Describe how the sabbatical will lead to professional growth, the nature of the professional growth, and how the professional growth will enhance current strengths and/or address weaknesses and improve the ability to serve students.

B. Sabbatical Activities

Describe the planned sabbatical activities and how the activities will be carried out.

C. Anticipated Outcomes

Describe the expected benefits the sabbatical will have on students, instructors, and the District.

D. Means of Measurement

Specify the documentation necessary to show that the sabbatical activities have been successfully completed. Means to measure completion must be stated explicitly.

Part II. Sabbatical Plan Applicants should start a new page and use these specific topic headings in their plan:

A. Description of Overall Proposal

Define the project clearly. Explain the intent of the project, state how the project relates to your assignment, indicate how the project correlates with the goals of the District/College, and substantiate the need for a one-or two-semester leave.

B. Objectives

1. Number the objectives.
2. Draft objectives clearly so the completion of each objective can be documented.
3. Relate the objectives to your assignment and the goals of the District/College.

C. Evidence of Completion

This section is critically important and should be carefully thought out.

The sabbatical is a contract, and in this section the applicant is indicating how he/she will provide documentation of completion of the objectives.

The applicant should be as specific as possible and avoid generalities. If the sabbatical consists of taking certain courses at an accredited college, then transcripts of grades are usually sufficient. Documentation of creative projects and/or travel may be more complex; however, the PRC encourages such proposals.

D. Relationship to Current Assignment and Improvement of Student Learning

Indicate how the project will foster significant professional/personal growth. Specify the anticipated improvements to student learning. Document any District, College, or academic discipline support for the project and its implementation.

E. Calendar

1. Provide sufficient detail to justify the sabbatical time requested.
2. Indicate any preplanning activities, such as completion of a course that is a prerequisite to a sabbatical course, admission approval, travel arrangements, etc.
3. Give details when each segment of the activities will take place.
4. Include when reports are due to the PRC.

F. Funding

If funding other than sabbatical rate salary is required, indicate the source of such funds (e.g., Grants, District) and any agreements made.

G. Need for Sabbatical

Explain why the activities of the sabbatical cannot be accomplished during the regular assignment.
